

**FINAL ADMINISTRATIVE DECISION  
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Commercial Acquisitions, LLC  
DOCKET NO.: 24-41137.001-R-1  
PARCEL NO.: 19-09-213-032-0000

The parties of record before the Property Tax Appeal Board are Commercial Acquisitions, LLC, the appellant, by attorney Robert Rosenfeld, of Robert H. Rosenfeld & Associates, LLC in Northbrook; and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Cook** County Board of Review is warranted. The correct assessed valuation of the property is:

**LAND:** \$4,725  
**IMPR.:** \$20,275  
**TOTAL:** \$25,000

Subject only to the State multiplier as applicable.

**Statement of Jurisdiction**

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2024 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

**Findings of Fact**

The subject property consists of a 1-story dwelling of frame exterior construction with 944 square feet of living area. The home was built in 1957 and is approximately 67 years old. Features include a slab foundation and a 1-car garage. The property has a 3,780 square foot site and is located in Chicago, Lake Township, Cook County. The subject is classified as a class 2-02 property under the Cook County Real Property Assessment Classification Ordinance.

The appellant contends assessment inequity with respect to the improvement as the basis of the appeal. In support of this argument, the appellant submitted information on four equity comparables located within the subject's assessment neighborhood. The comparables are improved with 1-story, class 2-02 dwellings of frame exterior construction ranging in size from 912 to 991 square feet of living area. The comparables are from 69 to 109 years old. The comparables each have a slab foundation. One comparable has a 1-car garage. The comparables

have improvement assessments ranging from \$18,700 to \$20,275 or from \$20.42 to \$20.58 per square foot of living area. Based on this evidence, the appellant requested that the improvement assessment be reduced.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$25,000. The subject property has an improvement assessment of \$20,275 or \$21.48 per square foot of living area.

In support of its contention of the correct assessment, the board of review submitted information on four equity comparables located within the subject's assessment neighborhood. The comparables are improved with 1-story, class 2-02 dwellings of frame exterior construction with either 912 or 995 square feet of living area. The comparables are either 70 or 71 years old. Each comparable has a slab foundation and a 1-car or a 2-car garage. The comparables have improvement assessments ranging from \$20,275 to \$22,275 or from \$22.23 to \$23.42 per square foot of living area. Based on this evidence, the board of review requested that the subject's assessment be confirmed.

### **Conclusion of Law**

The appellant contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The parties submitted eight suggested comparables for the Board's consideration. The Board gives less weight to the appellant's comparables which are less similar to the subject in age than other comparables in this record and/or lack a garage amenity, which the subject features.

The Board finds the best evidence of assessment equity to be the board of review comparables which are overall most similar to the subject in location, design/class, age, dwelling size, and features. The best comparables have improvement assessments ranging from \$20,275 to \$22,275 or from \$22.23 to \$23.42 per square foot of living area. The subject's improvement assessment of \$20,275 or \$21.48 per square foot of living area is equal to board of review comparable #1, which sets the lower limit of the range established by the best comparables in this record on an overall improvement basis, and falls below the range on a per square foot basis. After considering appropriate adjustments to the best comparables for differences from the subject, the Board finds the appellant did not demonstrate with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
