FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD

APPELLANT: Commercial Acquisitions, LLC
DOCKET NO.: 24-41144.001-R-1
PARCEL NO.: 19-25-109-038-0000

The parties of record before the Property Tax Appeal Board are Commercial Acquisitions, LLC, the appellant, by attorney Robert Rosenfeld, of Robert H. Rosenfeld & Associates, LLC in Northbrook; and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds ***No Change*** in the assessment of the property as established by the **Cook** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND:	$1,890
IMPR.:	$17,110
TOTAL:	$19,000

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2024 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a 2-story dwelling of masonry exterior construction with 1,397 square feet of living area. The dwelling was constructed in 1950 and is approximately 74 years old. Features include a full basement with finished area, central air conditioning, and a 2-car garage. The property has a 3,780 square foot site and is located in Chicago, Lake View Township, Cook County. The subject is classified as a class 2-05 property under the Cook County Real Property Assessment Classification Ordinance.

The appellant contends assessment inequity with respect to the improvement as the basis of the appeal. In support of this argument, the appellant submitted information on four comparables located within the subject's assessment neighborhood. The comparables are improved with class 2-05 dwellings of masonry exterior construction ranging in size from 1,236 to 1,404 square feet of living area. The dwellings are from 73 to 85 years old. Each comparable has a full basement,

central air conditioning, and a 2-car garage. The comparables have improvement assessments ranging from $13,110 to $15,425 or from $10.61 to $11.16 per square foot of living area. Based on this evidence, the appellant requested that the subject's improvement assessment be reduced.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of $19,000. The subject property has an improvement assessment of $17,110 or $12.25 per square foot of living area.

In support of its contention of the correct assessment, the board of review submitted information on four comparables located within the subject's assessment neighborhood. The comparables are improved with 2-story, class 2-05 dwellings of masonry exterior construction ranging in size from 1,264 to 1,304 square feet of living area. The dwellings are either 76 or 77 years old. Each comparable has a full basement, two of which have finished area, and a 2-car garage. Two comparables each have central air conditioning. The comparables have improvement assessments ranging from $16,110 to $17,110 or from $12.63 to $13.12 per square foot of living area. Based on this evidence, the board of review requested that the subject's assessment be confirmed.

Conclusion of Law

The appellant contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin. Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The parties submitted eight suggested comparables for the Board's consideration. The Board finds each of the parties' comparables to be similar to the subject in location, design/class, age, and dwelling size. However, the Board gives less weight to board of review comparables #1 and #4 which lack central air conditioning, which is a feature of the subject. The six remaining comparables have improvement assessments ranging from $13,110 to $17,110 or from $10.61 to $13.12 per square foot of living area. The subject's improvement assessment of $17,110 or $12.25 per square foot of living area is equal to board of review comparable #3, which sets the upper limit of the range established by the best comparables in this record on an overall improvement assessment basis and falls within the range on a per square foot basis. After considering appropriate adjustments to the best comparables for differences from the subject, the Board finds the appellant did not demonstrate with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
