FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD

APPELLANT: Patricia Coleman
DOCKET NO.: 24-41154.001-R-1
PARCEL NO.: 25-04-311-063-0000

The parties of record before the Property Tax Appeal Board are Patricia Coleman, the appellant, by attorney Gregory J. Hilton, of Property Tax Solutions in Chicago; and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds ***A Reduction*** in the assessment of the property as established by the **Cook** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND:	$3,958
IMPR.:	$9,181
TOTAL:	$13,139

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2024 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a 1-story dwelling of masonry exterior construction with 1,009 square feet of living area. The dwelling is approximately 68 years old, Features include a partial basement and a 2-car garage. The property has a 4,166 square foot site and is located in Chicago, Lake Township, Cook County. The subject is classified as a class 2-03 property under the Cook County Real Property Assessment Classification Ordinance.

The appellant contends assessment inequity with respect to the improvement as the basis of the appeal. In support of this argument, the appellant submitted information on seven equity comparables located in the subject's assessment neighborhood. The comparables are improved with 1-story, class 2-03 dwellings of masonry exterior construction ranging in size from 1,008 to 1,089 square feet of living area. The homes are from 50 to 67 years old. Each comparable has a full or partial basement and a 2-car garage. Three comparables each have central air

codntiioning. The comparables have improvement assessments ranging from $8,606 to $10,250 or from $8.49 to $9.76 per square foot of living area. Based on this evidence, the appellant requested the subject's improvement assessment be reduced to $9,181.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of $21,000. The subject property has an improvement assessment of $17,042 or $16.89 per square foot of living area.

The board of review did not provide any evidence in support of its contention of the correct assessment.

Conclusion of Law

The appellant contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant met this burden of proof and a reduction in the subject's assessment is warranted.

The appellant submitted seven equity comparables for the Board's consideration, as the board of review failed to provide any suggested comparables. The Board gives less weight to the appellant's comparables #1, #3, and #5 which have central air conditioning, which the subject lacks. Further, the appellant's comparable #5 is a substantially newer home than the subject.

The Board finds the best evidence of assessment equity to be the appellant's comparables #2, #4, #6, and #7 which are overall most similar, if not identical, to the subject in location, design/class, age, dwelling size, and features. These comparables have improvement assessments ranging from $8,606 to $10,013 or from $8.49 to $9.36 per square foot of living area. The subject's improvement assessment of $17,042 or $16.89 per square foot of living area falls above the range established by the best comparables in this record and appears to be excessive. After considering appropriate adjustments to the best comparables for differences from the subject, the Board finds the appellant demonstrated with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's assessment, commensurate with the appellant's request, is justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
