

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Commercial Acquisitions, LLC
DOCKET NO.: 24-41168.001-R-1
PARCEL NO.: 24-13-404-055-0000

The parties of record before the Property Tax Appeal Board are Commercial Acquisitions, LLC, the appellant, by attorney Robert Rosenfeld, of Robert H. Rosenfeld & Associates, LLC in Northbrook; and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **A Reduction** in the assessment of the property as established by the **Cook** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$5,063
IMPR.: \$18,971
TOTAL: \$24,034

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2024 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a 1-story dwelling of masonry exterior construction with 1,136 square feet of living area. The dwelling was built in 1963 and is approximately 61 years old. Features include a full basement. The property has a 4,050 square foot site and is located in Chicago, Lake Township, Cook County. The subject is classified as a class 2-03 property under the Cook County Real Property Assessment Classification Ordinance.

The appellant contends assessment inequity regarding the improvement as the basis of the appeal. In support of this argument, the appellant submitted information on four equity comparables located within the subject's assessment neighborhood and from 0.2 of mile to 1.5 miles from the subject property. The comparables are improved with 1-story or 1.5-story, class 2-03 homes of masonry exterior construction ranging in size from 1,104 to 1,199 square feet of living area. The dwellings are from 60 to 81 years old. Each comparable has a full or partial

basement. One comparable has a 1-car garage. The comparables have improvement assessments ranging from \$18,110 to \$18,563 or from \$15.48 to \$16.73 per square foot of living area. Based on this evidence, the appellant requested a reduction in the subject's improvement assessment to \$18,233 or \$16.05 per square foot of living area.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$25,001. The subject property has an improvement assessment of \$19,938 or \$17.55 per square foot of living area.

The board of review did not submit any evidence in support of its contention of the correct assessment.

Conclusion of Law

The appellant contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant met this burden of proof and a reduction in the subject's assessment is warranted.

The appellant submitted four suggested equity comparables for the Board's consideration, as the board of review failed to provide any suggested comparables. The Board gives less weight to the appellant's comparable #2 which has a garage amenity, unlike the subject, and the appellant's comparable #3 which is located 1.5 miles from the subject, less proximate than the other comparables in this record, and has a dissimilar 1.5-story design, in contrast to the subject's 1-story design.

The Board finds the best evidence of assessment equity to be the appellant's comparables #1 and #4 which are overall more similar to the subject in location, design/class, and dwelling size with varying degrees of similarity in age. The appellant's comparable is a 15 year older home than the subject suggesting an upward adjustment for this difference would be appropriate to make it more equivalent to the subject. The two best comparables have improvement assessments of \$18,473 and \$18,563 or \$15.48 and \$16.73 per square foot of living area. The subject's improvement assessment of \$19,938 or \$17.55 per square foot of living area falls above the two best comparables in this record and appears to be excessive.. Based on the evidence in this record and after considering appropriate adjustments to the two best comparables for differences from the subject, the Board finds the appellant demonstrated with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's assessment is justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
