FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD

APPELLANT: John Doody
DOCKET NO.: 24-41918.001-R-1
PARCEL NO.: 13-35-411-011-0000

The parties of record before the Property Tax Appeal Board are John Doody, the appellant, by attorney Michael R. O'Malley, of Schmidt Salzman & Moran, Ltd. in Chicago; and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds ***a reduction*** in the assessment of the property as established by the **Cook** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND:	$16,372
IMPR.:	$40,802
TOTAL:	$57,174

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2024 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a 2-story dwelling of frame exterior construction with 2,987 square feet of living area. The dwelling is approximately 124 years old. Features of the home include a full basement with finished area and central air conditioning. The property has a 4,425 square foot site and is located in Chicago, Jefferson Township, Cook County. The subject is classified as a class 2-06 property under the Cook County Real Property Assessment Classification Ordinance.

The appellant contends assessment inequity with respect to the improvement as the basis of the appeal. In support of this argument, the appellant submitted information on five comparables located within the same assessment neighborhood as the subject. The comparables consist of class 2-06, 2-story dwellings of frame or frame and masonry exterior construction ranging in size from 2,788 to 3,248 square feet of living area. The dwellings are 104 to 124 years old. Four

comparables each have a full basement with finished area, and one comparable has a slab foundation. One comparable has central air conditioning, and four comparables have either a 2-car or a 3-car garage. The comparables have improvement assessments ranging from $31,014 to $47,590 or from $10.31 to $17.07 per square foot of living area. Based on this evidence, the appellant requested that the subject's improvement assessment be reduced to $40,802 or $13.66 per square foot of living area.

The appellant provided a copy of Cook County Board of Review final decision disclosing the total assessment for the subject property of $90,451. The subject property has an improvement assessment of $74,079 or $24.80 per square foot of living area.

The board of review submitted its "Board of Review Notes on Appeal." In support of its contention of the correct assessment, the board of review submitted information on four comparables, one of which is located within the same assessment neighborhood as the subject. The comparables consist of class 2-06, 2-story dwellings of frame or masonry exterior construction ranging in size from 2,225 to 2,807 square feet of living area. The dwellings are 68 to 115 years old. The comparables have full basements with finished area, central air conditioning, and a 2-car garage. Two comparables each have a fireplace. The comparables have improvement assessments ranging from $69,554 to $108,212 or from $25.27 to $39.96 per square foot of living area. Based on this evidence, the board of review requested confirmation of the subject's assessment.

Conclusion of Law

The taxpayer contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant met this burden of proof and a reduction in the subject's assessment is warranted.

The parties submitted nine comparables for the Board's consideration. The Board gives less weight to the appellant's comparable #4 which differs from the subject in foundation type. The Board gives less weight to the board of review's comparables due to significant differences in their locations, smaller dwelling sizes and/or newer ages when compared to the subject.

The Board finds the best evidence of assessment equity to be the appellant's comparables #1, #2, #3 and #5 which are located within the subject's assessment neighborhood and are relatively similar to the subject in age, dwelling size, and foundation. However, these comparables either lack central air conditioning or feature a garage amenity, unlike the subject, suggesting adjustments are needed for these differences in order to make them more equivalent to the subject. These four comparables have improvement assessments ranging from $31,014 to $47,590 or from $10.31 to $17.07 per square foot of living area. The subject's improvement assessment of $74,079 or $24.80 per square foot of living area falls above the range established by the best comparables in the record. After considering adjustments to the best comparables for

differences from the subject, the Board finds the subject's improvement assessment is excessive. Based on this evidence, the Board finds a reduction in the subject's assessment, commensurate with the appellant's request, is justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
