

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Abraham Jiminez
DOCKET NO.: 24-41930.001-R-1
PARCEL NO.: 15-08-233-040-0000

The parties of record before the Property Tax Appeal Board are Abraham Jiminez, the appellant(s), by attorney Christopher G. Walsh, Jr., of Walsh Law, LLC in Chicago; and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Cook** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$2,205
IMPR.: \$13,795
TOTAL: \$16,000

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2024 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a 3,150 square foot parcel of land improved with an 83-year-old, one-story, masonry, attached, single-family dwelling containing 956 square feet of building area. The property is located in Bellwood, Proviso Township, Cook County and is classified as a class 2 property under the Cook County Real Property Assessment Classification Ordinance.

The appellant's appeal contends overvaluation as the basis of the appeal. In support of the market value argument, the appellant completed *Section IV-Recent Sale Data* of the petition and disclosed that the subject was purchased from Grandview Capital, LLC on February 18, 2021 for \$103,000 or \$107.74 per square foot of building area. The petition also disclosed that the sale: was not a transfer between related parties; was sold with the assistance of the Grandview Realty, LLC.; was advertised for sale on the multiple listing service; and was not sold due to a foreclosure or contract for deed. The appellant included the settlement statement which lists

commissions paid to two real estate brokerage companies. The petition discloses the subject is an owner-occupied residence.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the subject's total assessment of \$16,000 which reflects a market value of \$160,000 or \$167.36 per square foot of building area using the Cook County Real Estate Classification Ordinance level of assessment for class 2 property of 10%.

In support of the current assessment, the board of review submitted four sales comparables. These comparables are described as one or two-story, masonry, attached, single-family dwellings containing from 923 to 955 square feet of building area. They sold from September 2023 to November 2024 for prices ranging from \$186.35 to \$203.21 per square foot of building area.

Conclusion of Law

The appellant contends the market value of the subject property is not accurately reflected in its assessed valuation. When market value is the basis of the appeal the value of the property must be proved by a preponderance of the evidence. *86 Ill.Admin.Code §1910.63(e)*. Proof of market value may consist of an appraisal of the subject property, a recent sale, comparable sales or construction costs. *86 Ill.Admin.Code §1910.65(c)*. The Board finds the appellant met this burden of proof and a reduction in the subject's assessment is warranted.

While the Board finds the sale of the subject was an arm's length sale, the Board finds the sale occurred almost three years prior to the lien date in question. The board of review submitted sales comparables which sold within 11 months of the lien date. These sales show that the market increased from the date of sale to January 1, 2024. The Board finds the best evidence of market value to be the board of review's comparables. These properties sold for prices ranging from \$186.35 to \$203.21 per square foot of building area. In comparison, the subject's assessment reflects a market value of \$167.36 per square foot of building area which is slightly below the range of the best comparables in the record. Therefore, the Board finds the appellant has not shown by a preponderance of the evidence that the subject was overvalued and a reduction in the assessment is not warranted.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
