

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Pawel Wasilewski
DOCKET NO.: 24-41931.001-R-1
PARCEL NO.: 07-15-319-015-0000

The parties of record before the Property Tax Appeal Board are Pawel Wasilewski, the appellant(s); and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **A Reduction** in the assessment of the property as established by the **Cook** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$6,304
IMPR.: \$19,300
TOTAL: \$25,604

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160), challenging the assessment for the 2024 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a one-story, 68-year-old, single-family dwelling of frame construction with 1,628 square feet of living area. Features of the home include a slab basement and a one-car garage. The property has a 10,103-square-foot site and is located in Hoffman Estates, Schamburg Township, Cook County. The subject is classified as class 2-03 property under the Cook County Real Property Assessment Classification Ordinance.

The appellant contends that assessment inequity as the basis of the appeal. In support of this argument, the appellant submitted information on three equity comparables. These properties have siding construction. They are 65 years old; in size from 1,609 to 1,681 square feet of living area; and have an improvement assessment from \$10.37 to \$11.50 per square foot of living area. The appellant also submitted a field check request permitting the inspection of their property. The appellant also submitted a plat of survey indicating that the subject property site square

footage is 10,103. The board of review has the subject property site square footage listed as 10,510.

The board of review submitted its "Board of Review Notes on Appeal," disclosing the total assessment for the subject of \$26,000. The subject property has an improvement assessment of \$19,696 or \$12.10 per square foot of living area.

In support of its contention of the correct assessment, the board of review submitted information on four equity comparables. These properties are described as one-story dwellings of frame construction. They range: in age from 63 to 68 years old; in size from 1,483 to 1,710 square feet of living area; and have an improvement assessment from \$12.30 to \$13.32 per square foot of living area.

Conclusion of Law

The taxpayer asserts assessment inequity as the basis of the appeal. The Illinois Constitution requires that real estate taxes, "be levied uniformly by valuation ascertained as the General Assembly shall provide by law." Ill. Const. art. IX, §4 (1970); Walsh v. Property Tax Appeal Board, 181 Ill. 2d 228, 234 (1998). This uniformity provision of the Illinois Constitution does not require absolute equality in taxation, however, and it is sufficient if the taxing authority achieves a reasonable degree of uniformity. Peacock v. Property Tax Appeal Board, 339 Ill. App. 3d 1060, 1070 (4th Dist. 2003).

When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e); Walsh, 181 Ill. 2d at 234 (1998). Clear and convincing evidence means more than a preponderance of the evidence, but it does not need to approach the degree of proof needed for a conviction of a crime. Bazyldo v. Volant, 164 Ill. 2d 207, 213 (1995). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity, and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin. Code §1910.65(b). The Board finds the appellant did meet this burden of proof and a reduction in the subject's assessment is warranted.

The Board finds the best evidence of assessment equity to be the appellant's comparables #1, #2, and #3. These comparables ranged in improvement assessment from \$10.37 to \$11.50 per square foot of living area. The subject improvement assessment of \$12.10 per square foot of living area falls above the range established by the best comparables in this record. These comparables were selected due to similarities in living area square footage, construction type, age, and location. After considering the differences between the suggested comparables and the subject, the Board finds the subject's improvement assessment is not supported. Based on this record, the Board finds the appellant did demonstrate with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's assessment is justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
