FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD

APPELLANT: E&F Properties
DOCKET NO.: 24-42031.001-R-1
PARCEL NO.: 13-26-312-007-0000

The parties of record before the Property Tax Appeal Board are E&F Properties, the appellant, by attorney Michael R. Davies, of Ryan Law, PLLC in Chicago; and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds ***No Change*** in the assessment of the property as established by the **Cook** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND:	$13,594
IMPR.:	$29,441
TOTAL:	$43,035

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2024 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a 2-story building of masonry exterior construction with 1,910 square feet of gross building area. The building is approximately 117 years old. Features include a full basement and a 1-car garage. The property has a 3,125 square foot site and is located in Chicago, Jefferson Township, Cook County. The subject is classified as a class 2-11 property under the Cook County Real Property Assessment Classification Ordinance.

The appellant contends assessment inequity regarding the improvement as the basis of the appeal. In support of this argument, the appellant submitted information on five equity comparables located within the subject's assessment neighborhood. The comparables are improved with 2-story, class 2-11 buildings of masonry exterior construction ranging in size from 2,156 to 2,776 square feet of gross building area. The buildings are from 101 to 114 years old. Four comparables each have a full basement and one comparable has a crawl space

foundation. One comparable has two fireplaces. Three comparables each have a 2-car to a 3-car garage. The comparables have improvement assessments ranging from $19,009 to $26,505 or from $8.82 to $9.57 per square foot of gross building area. Based on this evidence, the appellant requested a reduction in the subject's improvement assessment.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of $43,035. The subject property has an improvement assessment of $29,441 or $15.41 per square foot of gross building area. In support of its contention of the correct assessment, the board of review submitted information on four equity comparables located within the subject's assessment neighborhood. The comparables are improved with 1.5-story or 2-story, class 2-11 buildings of frame or masonry exterior construction ranging in size from 1,880 to 2,200 square feet of gross building area. The buildings are from 109 to 117 years old. Each comparable has a full basement. One comparable has central air conditioning. Three comparables each have a 2-car garage. The comparables have improvement assessments ranging from $30,950 to $42,557 or from $15.83 to $20.54 per square foot of gross building area. Based on this evidence the board of review requested confirmation of the subject's assessment.

Conclusion of Law

The taxpayer contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Adm.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Adm.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The record contains nine suggested equity comparables for the Board's consideration. The Board gives less weight to the appellant's comparables, as well as board of review comparables #3 and #4, which are less similar to the subject in size than other comparables in this record and/or lack a garage amenity, which is a feature of the subject. Further, the appellant's comparable #5 lacks a basement foundation, unlike the subject, and board of review comparable #3 has central air conditioning, which the subject lacks.

The Board finds the best evidence of assessment equity to be the board of review comparables #1 and #2 which are overall more similar to the subject in location, design/class, age, size, and features. These comparables have improvement assessments of $30,950 and $31,298 or $15.83 and $16.65 per square foot of gross building area. The subject's improvement assessment of $29,441 or $15.41 per square foot of gross building area falls below the two best comparables in this record. Based on this record and after considering appropriate adjustments to the two best comparables for differences from the subject, the Board finds the appellant did not demonstrate with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
