

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Adalys Alvarado
DOCKET NO.: 24-42083.001-R-1
PARCEL NO.: 13-26-312-012-0000

The parties of record before the Property Tax Appeal Board are Adalys Alvarado, the appellant, by attorney Michael R. O'Malley, of Schmidt Salzman & Moran, Ltd. in Chicago; and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Cook** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$15,225
IMPR.: \$72,775
TOTAL: \$88,000

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2024 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a 3-story, multi-family building of masonry exterior construction with 6,267 square feet of gross building area and is approximately 104 years old. Features include a full basement with finished area, 4 full and 4 half bathrooms,¹ and a 2-car garage. The property has a 3,500 square foot site and is located in Chicago, Jefferson Township, Cook County. The subject is classified as a class 2-11 property under the Cook County Real Property Assessment Classification Ordinance.

The appellant contends assessment inequity with respect to the improvement as the basis of the appeal. In support of this argument, the appellant submitted information on five equity comparables located within the same assessment neighborhood as the subject. The comparables

¹ The Board finds the subject dwelling has 4 full and 4 half bathrooms as disclosed by the board of review and was not refuted by the appellant.

consist of 2-story or 3-story, class 2-11 multi-family buildings of masonry exterior construction ranging in size from 5,829 to 6,442 square feet of gross building area. The buildings are from 96 to 126 years old. Each comparable has a full basement, 4 to 6 full bathrooms, and either a 2-car or a 3.5-car garage. The comparables have improvement assessments ranging from \$51,500 to \$59,595 or from \$8.44 to \$9.58 per square foot of gross building area. Based on this evidence, the appellant requested that the subject's improvement assessment be reduced.

The appellant provided a copy of the Cook County Board of Review final decision disclosing the total assessment for the subject of \$88,000. The subject property has an improvement assessment of \$72,775 or \$11.61 per square foot of gross building area.

The board of review submitted its "Board of Review Notes on Appeal." In support of its contention of the correct assessment, the board of review submitted information on four equity comparables located within the subject's assessment neighborhood and within the subject's subarea or approximately ¼ of a mile from the subject. The comparables consist of 3-story, class 2-11 multi-family buildings of masonry exterior construction ranging in size from 5,212 to 6,870 square feet of gross building area. The buildings are 102 to 112 years old. Each comparable has a basement with three having finished area, and 4 to 6 full bathrooms. One comparable has central air conditioning, and three comparables each have a 2-car garage. The comparables have improvement assessments ranging from \$64,863 to \$113,813 or from \$12.35 to \$16.57 per square foot of gross building area. Based on this evidence, the board of review requested the subject's assessment be confirmed.

Conclusion of Law

The appellant contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The parties submitted nine suggested comparables for the Board's consideration. The Board gives less weight to the appellant's comparables #1 and #3 which differ from the subject in story height. The Board gives less weight to the board of review's comparables #1, #2 and #3 due to differences in their building size, presence of central air conditioning and/or a lack of a garage when compared to the subject.

The Board finds the best evidence of assessment equity to be the parties' remaining comparables. These comparables are overall most similar to the subject in location, story height, age, building size, and most features. These four comparables have improvement assessments ranging from \$51,500 to \$78,738 or from \$8.84 to \$12.92 per square foot of gross building area. The subject's improvement assessment of \$72,775 or \$11.61 per square foot of gross building area falls within the range established by the best comparables in this record. After considering adjustments to

the best comparables for differences when compared to the subject, the Board finds a reduction in the subject's assessment is not justified.

The constitutional provision for uniformity of taxation and valuation does not require mathematical equality. A practical uniformity, rather than an absolute one, is the test. Apex Motor Fuel Co. v. Barrett, 20 Ill.2d 395 (1960). Although the comparables presented by the parties disclosed that the properties located in the same area are not assessed at identical levels, all that the constitution requires is a practical uniformity, which appears to exist on the basis of the evidence.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
