FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD

APPELLANT: James Hettinger
DOCKET NO.: 24-42089.001-R-1
PARCEL NO.: 13-13-408-034-0000

The parties of record before the Property Tax Appeal Board are James Hettinger, the appellant, by attorney Michael R. O'Malley, of Schmidt Salzman & Moran, Ltd. in Chicago; and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds ***A Reduction*** in the assessment of the property as established by the **Cook** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND:	$10,870
IMPR.:	$35,519
TOTAL:	$46,389

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2024 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a 1.5-story dwelling of frame exterior construction with 1,666 square feet of living area. The dwelling is approximately 115 years old. Features of the home include a full basement, 2 bathrooms and a 2-car garage. The property has a 3,062 square foot site and is located in Chicago, Jefferson Township, Cook County. The subject is classified as a class 2-03 property under the Cook County Real Property Assessment Classification Ordinance.

The appellant contends assessment inequity with respect to the improvement as the basis of the appeal. In support of this argument, the appellant submitted information on five comparables located within the same assessment neighborhood as the subject property. The comparables consist of class 2-03, 1-story or 1.5-story dwellings of frame exterior construction ranging in size from 1,518 to 1,767 square feet of living area. The homes are 101 to 136 years old. The dwellings have full basements, 1 or 2 full bathrooms, and four comparables have either a 1-car or

a 2-car garage. Comparable #2 has 1 half bathroom, and comparable #1 has central air conditioning. The comparables have improvement assessments ranging from $30,062 to $41,305 or from $17.02 to $23.63 per square foot of living area. Based on this evidence, the appellant requested that the improvement assessment be reduced to $35,519 or $21.32 per square foot of living area.

The appellant submitted a copy of the Cook County Board of Review final decision disclosing the total assessment for the subject property of $63,000. The subject property has an improvement assessment of $52,130 or $31.29 per square foot of living area.

The board of review submitted its "Board of Review Notes on Appeal." The board of review did not provide any comparables in support of the subject's correct assessment.

Conclusion of Law

The appellant contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant met this burden of proof and a reduction in the subject's assessment is warranted.

The Board finds the only evidence of assessment equity to be the five comparables submitted by the appellant which are relatively similar to the subject in location, age, dwelling size and some features. Nevertheless, the appellant's comparables have improvement assessments ranging from $30,062 to $41,305 or from $17.02 to $23.63 per square foot of living area. The subject's improvement assessment of $52,130 or $31.29 per square foot of living area falls above the range established by the appellant's comparables. After considering the adjustments to these five comparables for differences to the subject, the Board finds the appellant demonstrated with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's assessment, commensurate with the appellant's request, is justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
