

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: John Mannerino
DOCKET NO.: 24-42152.001-R-1
PARCEL NO.: 10-32-415-011-0000

The parties of record before the Property Tax Appeal Board are John Mannerino, the appellant, by attorney Michael R. O'Malley, of Schmidt Salzman & Moran, Ltd. in Chicago; and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **A Reduction** in the assessment of the property as established by the **Cook** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$19,375
IMPR.: \$43,611
TOTAL: \$62,986

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2024 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a 2-story¹ dwelling of frame and masonry exterior construction with 2,925 square feet of living area. The dwelling is approximately 85 years old. Features of the home include a basement, central air conditioning, two fireplaces and a 1-car garage. The property has an approximately 6,250 square foot site and is located in Chicago, Jefferson Township, Cook County. The subject is classified as a class 2-06 property under the Cook County Real Property Assessment Classification Ordinance.

The appellant contends assessment inequity with respect to the improvement as the basis of the appeal. In support of this argument the appellant submitted information on five equity comparables located in the same assessment neighborhood code as the subject property. The

¹ The Board finds the subject's class 2-06 dwelling is defined as a two-or-more story residence under the Cook County Real Property Assessment Classification Ordinance

comparables are improved with 2-story class 2-06 dwellings of frame, masonry, or frame and masonry exterior construction ranging in size from 2,692 to 3,054 square feet of living area. The homes range from 71 to 86 years old. Each comparable has a basement. Two dwellings have central air conditioning, three homes have one or two fireplaces and three comparables have a 1-car or a 2-car garage. The comparables have improvement assessments ranging from \$37,460 to \$48,000 or from \$13.28 to \$15.72 per square foot of living area. Based on this evidence, the appellant requested the subject's improvement assessment be reduced to \$43,611 or \$14.91 per square foot of living area.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$73,000. The subject property has an improvement assessment of \$53,625 or \$18.33 per square foot of living area. In support of its contention of the correct assessment the board of review submitted information on four equity comparables located in the same assessment neighborhood code as the subject property. The comparables are improved with 2-story class 2-06 dwellings of frame or frame and masonry exterior construction ranging in size from 2,204 to 2,352 square feet of living area. The homes are from 71 to 75 years old. Three comparables have a basement and one comparable has a concrete slab foundation. Each dwelling has central air conditioning and from a 1-car to a 2.5-car garage. One home has a fireplace. The comparables have improvement assessments ranging from \$43,071 to \$57,725 or from \$19.54 to \$24.54 per square foot of living area. Based on this evidence, the board of review requested the subject's assessment be confirmed.

Conclusion of Law

The appellant contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant met this burden of proof and a reduction in the subject's assessment is warranted.

The parties submitted nine equity comparables for the Board's consideration. The Board gives reduced weight to appellant comparables #3, #4 and #5 along with the board of review's comparables which are less similar to the subject in age, dwelling size, foundation type and/or garage amenity than other properties in the record.

The Board finds the best evidence of assessment equity to be appellant comparables #1 and #2 which are more similar to the subject in location, age, design, dwelling size and some features. However, these two comparables present varying degrees of similarity to the subject in garage capacity and presence of central air conditioning, suggesting adjustments are needed to make these properties more equivalent to the subject. These comparables have improvement assessments of \$37,460 and \$41,012 or \$13.28 and \$14.88 per square foot of living area. The subject's improvement assessment of \$53,625 or \$18.33 per square foot of living area falls above the two best comparables in this record. After considering adjustments to the best comparables for differences from the subject, the Board finds the appellant demonstrated with clear and

convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's assessment is justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
