FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD

APPELLANT: Marla Feingold
DOCKET NO.: 24-42320.001-R-1
PARCEL NO.: 13-14-423-026-0000

The parties of record before the Property Tax Appeal Board are Marla Feingold, the appellant, by attorney Michael R. O'Malley, of Schmidt Salzman & Moran, Ltd. in Chicago; and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds ***No Change*** in the assessment of the property as established by the **Cook** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND:	$19,220
IMPR.:	$57,017
TOTAL:	$76,237

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2024 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a 2-story dwelling of frame exterior construction with 2,604 square feet of living area. The dwelling is approximately 119 years old. Features of the home include a full basement with finished area, central air conditioning, and 2 fireplaces. The property has a 3,100 square foot site and is located in Chicago, Jefferson Township, Cook County. The subject is classified as a class 2-06 property under the Cook County Real Property Assessment Classification Ordinance.

The appellant contends assessment inequity regarding the improvement as the basis of the appeal. In support of this argument the appellant submitted information on five equity comparables located within the same assessment neighborhood code as the subject. The comparables are improved with 2-story, class 2-06 dwellings of frame, masonry or stucco exterior construction ranging in size from 2,355 to 2,812 square feet of living area. The

dwellings are from 113 to 126 years old. Four comparables each have a full basement with finished area, and one comparable has a slab foundation. One comparable has a fireplace, and four comparables have either a 1-car, a 1.5-car or a 2-car garage. The comparables have improvement assessments ranging from $33,501 to $41,858 or from $14.10 to $15.97 per square foot of living area. Based on this evidence the appellant requested a reduction in the subject's improvement assessment to $38,226.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of $76,237. The subject property has an improvement assessment of $57,017 or $21.90 per square foot of living area.

In support of its contention of the correct assessment the board of review submitted information on four equity comparables located within the subject's assessment neighborhood and within approximately ¼ of a mile from the subject. The comparables are improved with 2-story, class 2-06 dwellings of frame or masonry exterior construction ranging in size from 2,419 to 2,803 square feet of living area. The dwellings are from 106 to 118 years old. Each comparable has a full basement, with three having finished area, central air conditioning, and a 2-car garage. One comparable has a fireplace. The comparables have improvement assessments ranging from $53,412 to $62,705 or from $22.08 to $22.63 per square foot of living area. Based on this evidence the board of review requested confirmation of the subject's assessment.

Conclusion of Law

The taxpayer contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Adm.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Adm.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The record contains a total of nine equity comparables for the Board's consideration. The Board gives less weight to the appellant's comparables which lack central air conditioning and/or a basement foundation when compared to the subject. The Board also gives less weight to the board of review's comparable #4 which has an unfinished basement area relative to the subject's finished basement area.

The Board finds the best evidence of assessment equity to be the board of review's comparables #1, #2 and #3 which are relatively similar to the subject in location, age, dwelling size, and most features. However, these comparables each have a garage amenity, unlike the subject, suggesting downward adjustments are needed for this difference to make them more equivalent to the subject. These three comparables have improvement assessments ranging from $53,412 to $62,705 or from $22.08 to $22.38 per square foot of living area. The subject's improvement assessment of $57,017 or $21.90 per square foot of living area falls within the range established by the best comparables in this record on an overall basis and below these comparables on a per square foot of living area basis. After considering adjustments to the best comparables for

differences from the subject, the Board finds the appellant did not demonstrate with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
