

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Jacqueline Gilliland
DOCKET NO.: 24-42329.001-R-1
PARCEL NO.: 13-26-427-005-0000

The parties of record before the Property Tax Appeal Board are Jacqueline Gilliland, the appellant, by attorney Michael R. O'Malley, of Schmidt Salzman & Moran, Ltd. in Chicago; and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Cook** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$18,531
IMPR.: \$51,469
TOTAL: \$70,000

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2024 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a 2-story building of masonry exterior construction with 2,704 square feet of gross building area. The building is approximately 116 years old. Features of the building include a basement, 2 bathrooms and a 2-car garage. The property has an approximately 4,260 square foot site and is located in Chicago, Jefferson Township, Cook County. The subject is classified as a class 2-11 property under the Cook County Real Property Assessment Classification Ordinance.

The appellant contends assessment inequity with respect to the improvement as the basis of the appeal. In support of this argument, the appellant submitted information on five equity comparables that are located in the same assessment neighborhood code as the subject property. The comparables are improved with class 2-11, 2-story buildings of frame or masonry exterior construction that range in size from 2,556 to 2,904 square feet of gross building area. The

buildings are from 102 to 115 years old. Each comparable has a basement, 2 or 3 bathrooms, and from a 1-car to a 2.5-car garage. The comparables have improvement assessments that range from \$27,500 to \$31,739 or from \$10.76 to \$10.95 per square foot of gross building area. Based on this evidence, the appellant requested the subject's improvement assessment be reduced to \$29,527 or \$10.92 per square foot of gross building area.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$70,000. The subject property has an improvement assessment of \$51,469 or \$19.03 per square foot of gross building area.

In support of its contention of the correct assessment, the board of review submitted information on three equity comparables located in the same assessment neighborhood code, block and/or street as the subject property. The comparables are improved with class 2-11, 2-story buildings of masonry exterior construction that range in size 2,538 to 2,716 square feet of gross building area. The buildings are 117 or 120 years old. Each comparable has a basement, 2 bathrooms, and a 2-car garage. The comparables have improvement assessments that range from \$50,192 to \$55,469 or from \$19.03 to \$20.51 per square foot of gross building area. Based on this evidence, the board of review requested confirmation of the subject's assessment.

Conclusion of Law

The taxpayer contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The record contains eight suggested equity comparables for the Board's consideration. The Board finds the comparables are located within the same assessment neighborhood as the subject. Moreover, the comparables are similar, including the board of review comparable #1 that is identical or nearly identical, to the subject in design, age, building size and/or other features. Both parties' comparables have improvement assessments that range from \$27,500 to \$55,469 or from \$10.76 to \$20.51 per square foot of gross building area. The subject's improvement assessment of \$51,469 or \$19.03 per square foot of gross building area falls within the range of all the comparables in the record and is well supported by the board of review comparable #1, which is the most similar comparable in the record. After considering adjustments to the comparables for differences from the subject, the Board finds the appellant did not demonstrate with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
