

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Bill Illion
DOCKET NO.: 24-42335.001-R-1
PARCEL NO.: 13-26-420-029-0000

The parties of record before the Property Tax Appeal Board are Bill Illion, the appellant, by attorney Michael R. O'Malley, of Schmidt Salzman & Moran, Ltd. in Chicago; and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Cook** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$23,164
IMPR.: \$51,499
TOTAL: \$74,663

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2024 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a 1.5-story dwelling of frame and masonry exterior construction with 1,946 square feet of living area. The dwelling is approximately 127 years old. Features of the home include a full basement and a 1-car garage. The property has an approximately 5,325 square foot site and is located in Chicago, Jefferson Township, Cook County. The subject is classified as a class 2-04 property under the Cook County Real Property Assessment Classification Ordinance.

The appellant contends assessment inequity with respect to the improvement as the basis of the appeal. In support of this argument, the appellant submitted five equity comparables that are located in the same assessment neighborhood code as the subject property. The comparables are improved with class 2-05, 1-story or 2-story dwellings of frame or frame and masonry exterior construction that range in size from 1,810 to 2,016 square feet of living area. The dwellings are

from 99 to 116 years old. Each comparable has a full basement and a 1-car, a 1.5-car or a 2-car garage. One comparable has central air conditioning. The comparables have improvement assessments that range from \$26,004 to \$34,381 or from \$13.98 to \$17.65 per square foot of living area. Based on this evidence, the appellant requested the subject's improvement assessment be reduced to \$33,179 or \$17.05 per square foot of living area.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$74,663. The subject property has an improvement assessment of \$51,499 or \$26.46 per square foot of living area. In support of its contention of the correct assessment, the board of review submitted information on three equity comparables located in the same assessment neighborhood code as the subject property. The comparables are improved with class 2-04, 1.5-story or 1.7-story dwellings of frame and masonry exterior construction that range in size 1,848 to 2,090 square feet of living area. The dwellings are from 117 or 127 years old. Each comparable has a full basement, central air conditioning and a 2-car garage. One comparable has a fireplace. The comparables have improvement assessments that range from \$48,906 to \$60,688 or from \$26.46 to \$29.04 per square foot of living area. Based on this evidence, the board of review requested confirmation of the subject's assessment.

Conclusion of Law

The taxpayer contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The record contains eight suggested equity comparables for the Board's consideration. The Board has given less weight to the appellant's comparables #1, #2 and #5 along with the board of review's comparable #3 which are less similar to the subject in story height or age than the other comparables in the record.

The Board finds the best evidence of assessment equity to be the parties' remaining comparables which are relatively similar to the subject in location, story height, age, dwelling size and some features. However, three of the comparables have central air conditioning, suggesting downward adjustments would be required to make these comparables more equivalent to the subject. Nevertheless, these four comparables have improvement assessments ranging from \$31,813 to \$60,688 or from \$17.05 to \$29.04 per square foot of living area. The subject's improvement assessment of \$51,499 or \$26.46 per square foot of living area falls within the range of the best comparables in this record. After considering adjustments to the best comparables for differences from the subject, the Board finds the appellant did not demonstrate with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
