

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: William Senne
DOCKET NO.: 24-42439.001-R-1
PARCEL NO.: 13-26-412-008-0000

The parties of record before the Property Tax Appeal Board are William Senne, the appellant, by attorney Michael R. O'Malley, of Schmidt Salzman & Moran, Ltd. in Chicago; and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **a reduction** in the assessment of the property as established by the **Cook** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$16,400
IMPR.: \$24,979
TOTAL: \$41,379

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2024 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a 2-story multi-family building of frame exterior construction with 2,730 square feet of gross building area. The building is approximately 122 years old. Features include a basement with an apartment and 2 bathrooms. The property has a 3,770 square foot site and is located in Chicago, Jefferson Township, Cook County. The subject is classified as a class 2-11 property under the Cook County Real Property Assessment Classification Ordinance.

The appellant contends assessment inequity concerning the improvement as the basis of the appeal. In support of this argument the appellant submitted information, including property characteristics printouts, on five equity comparables located within the same assessment neighborhood code as the subject. The comparables are improved with 2-story or 3-story class 2-11 multi-family buildings of frame or masonry exterior construction ranging in size from 2,628

to 3,000 square feet of gross building area. The buildings are from 99 to 126 years old. Each building has a basement, four of which have a recreation room, and either 2, 2½ or 3 bathrooms. Three comparables have either a 1-car or a 2-car garage. The comparables have improvement assessments ranging from \$24,188 to \$28,014 or from \$8.77 to \$9.34 per square foot of gross building area. Based on this evidence the appellant requested a reduction in the subject's improvement assessment to \$24,979 or \$9.15 per square foot of gross building area.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$65,001. The subject property has an improvement assessment of \$48,601 or \$17.80 per square foot of gross building area. In support of its contention of the correct assessment the board of review submitted information on three equity comparables located within the same assessment neighborhood code as the subject. The comparables are improved with 1.5-story, 1.8-story or 2-story class 2-11 multi-family buildings of frame or masonry exterior construction ranging in size from 1,940 to 2,072 square feet of gross building area. The buildings are from 100 to 121 years old. Each comparable has a basement with one having an apartment. One comparable has central air conditioning and a 2-car garage. The comparables have improvement assessments ranging from \$35,298 to \$48,602 or from \$18.19 to \$23.52 per square foot of gross building area. Based on this evidence the board of review requested confirmation of the subject's assessment.

Conclusion of Law

The taxpayer contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Adm.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Adm.Code §1910.65(b). The Board finds the appellant met this burden of proof and a reduction in the subject's assessment is warranted.

The record contains a total of eight equity comparables for the Board's consideration. The Board gives less weight to the board of review's comparables which are less similar to the subject in building size than the appellant's comparables.

The Board finds the best evidence of assessment equity to be the appellant's comparables, which are most similar to the subject in location, age and building size. However, comparables #2 and #3 require upward adjustments for lacking a garage, which is a feature of the subject. The best comparables have improvement assessments ranging from \$24,188 to \$28,014 or from \$8.77 to \$9.34 per square foot of gross building area. The subject's improvement assessment of \$48,601 or \$17.80 per square foot of gross building area falls above the range established by the best comparables in the record. After considering the adjustments to the best comparables for differences from the subject property, the Board finds the subject's improvement assessment is excessive. Based on this record, the Board finds the subject's improvement is inequitably assessed and a reduction in the subject's assessment, commensurate with the appellant's request, is justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
