

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Nicole Davidson
DOCKET NO.: 24-42537.001-R-1
PARCEL NO.: 13-13-233-027-0000

The parties of record before the Property Tax Appeal Board are Nicole Davidson, the appellant, by attorney Michael R. O'Malley, of Schmidt Salzman & Moran, Ltd. in Chicago; and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Cook** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$13,312
IMPR.: \$57,893
TOTAL: \$71,205

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2024 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a 2-story, multi-family building of masonry exterior construction with 2,616 square feet of gross building area. The building is approximately 112 years old. Features include a full basement, central air conditioning, and a 2-car garage. The property has a 3,750 square foot site and is located in Chicago, Jefferson Township, Cook County. The subject is classified as a class 2-11 property under the Cook County Real Property Assessment Classification Ordinance.

The appellant contends assessment inequity with respect to the improvement as the basis of the appeal. In support of this argument, the appellant submitted information on five equity comparables located within the subject's assessment neighborhood. However, the appellant did not disclose the proximity of the comparables to the subject property. The comparables are improved with 2-story, class 2-11 multi-family buildings of frame or masonry exterior

construction ranging in size from 2,750 to 2,850 square feet of gross building area. The buildings range in age from 100 to 103 years old. Each comparable has a full basement and a 1-car or a 2-car garage. The comparables have improvement assessments ranging from \$39,505 to \$44,552 or from \$14.37 to \$15.67 per square foot of gross building area. Based on this evidence, the appellant requested that the subject's improvement assessment be reduced to \$39,501.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$71,206. The subject property has an improvement assessment of \$57,893 or \$22.13 per square foot of gross building area. In support of its contention of the correct assessment, the board of review submitted information on four comparables located within the subject's assessment neighborhood and on the same block or ¼ of a mile from the subject property. The comparables are improved with 2-story, class 2-11 multi-family buildings of masonry exterior construction ranging in size from 2,390 to 2,560 square feet of gross building area. The buildings range in age from 111 to 115 years old. Each comparable has a full basement and a 2-car or a 2.5-car garage. Three comparables each have central air conditioning. The comparables have improvement assessments ranging from \$57,648 to \$64,688 or from \$22.53 to \$26.19 per square foot of gross building area. The board of review asserts the assessed values per square foot for the submitted comparables support the subject's assessed value as equitable.

Conclusion of Law

The appellant contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The parties submitted nine suggested equity comparables for the Board's consideration which have the same assessment neighborhood code, design, and classification code, as the subject. The Board gives less weight to the appellant's comparables and board of review comparable #1 which lack central air conditioning, which is a feature of the subject.

The Board finds the best evidence of assessment equity to be the board of review comparables #2, #3, and #4 which are overall more similar to the subject in age, gross building size, and features. The comparables have improvement assessments ranging from \$57,648 to \$64,688 or from \$22.53 to \$26.19 per square foot of gross building area. The subject's improvement assessment of \$57,893 or \$22.13 per square foot of gross building area falls within the range established by the best comparables in this record on an overall improvement assessment basis and below the range on a per square foot basis. After considering the necessary adjustments to the best comparables for differences when compared to the subject, the Board finds the appellant did not demonstrate with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
