

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Alberto Mena, Jr.
DOCKET NO.: 24-42563.001-R-1
PARCEL NO.: 13-21-105-010-0000

The parties of record before the Property Tax Appeal Board are Alberto Mena, Jr., the appellant, by attorney Michael R. O'Malley, of Schmidt Salzman & Moran, Ltd. in Chicago; and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Cook** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$12,600
IMPR.: \$52,400
TOTAL: \$65,000

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2024 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a 2-story dwelling of frame and masonry exterior construction with 2,446 square feet of living area. The dwelling is approximately 109 years old. Features of the home include a basement with finished area, central air conditioning, and a 2-car garage. The property has a 3,600 square foot site and is located in Chicago, Jefferson Township, Cook County. The subject is classified as a class 2-06 property under the Cook County Real Property Assessment Classification Ordinance.

The appellant contends assessment inequity with respect to the improvement as the basis of the appeal. In support of this argument, the appellant submitted information on five equity comparables located in the same assessment neighborhood as the subject property. The comparables are improved with class 2-06, 2-story dwellings of frame, masonry or frame and masonry exterior construction that range in size from 2,307 to 2,674 square feet of living area.

The dwellings are from 97 to 146 years old. Each comparable has a basement, four with finished area, and either a 1-car, a 2-car or a 2.5-car garage. Two comparables each have central air conditioning, and one comparable has 2 fireplaces. The comparables have improvement assessments that range from \$20,007 to \$23,500 or from \$8.06 to \$9.32 per square foot of living area. Based on this evidence, the appellant requested the subject's improvement assessment be reduced to \$21,035 or \$8.60 per square foot of living area.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$65,000. The subject property has an improvement assessment of \$52,400 or \$21.42 per square foot of living area.

In support of its contention of the correct assessment, the board of review submitted information on three equity comparables located in the same assessment neighborhood as the subject property. The comparables are improved with class 2-04 1.5-story or class 2-06 2-story dwellings of masonry or frame and masonry exterior construction that range in size 2,089 to 2,364 square feet of living area. The dwellings are from 97 to 106 years old. Each comparable has a basement with finished area, central air conditioning and a 2-car garage. One comparable has a fireplace. The comparables have improvement assessments that range from \$53,085 to \$55,783 or from \$22.46 to \$26.70 per square foot of living area. Based on this evidence, the board of review requested confirmation of the subject's assessment.

Conclusion of Law

The taxpayer contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The record contains eight suggested equity comparables for the Board's consideration. The Board gives less weight to appellant's comparables #1, #2, #4 and #5 which lack a basement finish or central air conditioning, unlike the subject. The Board also gives less weight to the board of review's comparable #2 due to differences in its classification, story height and dwelling size when compared to the subject.

The Board finds the best evidence of assessment equity to be parties' remaining comparables which are located within the subject's assessment neighborhood and are similar to the subject in classification, story height, age, dwelling size and most features. These three comparables have improvement assessments ranging from \$23,004 to \$53,546 or from \$8.60 to \$23.23 per square foot of living area. The subject's improvement assessment of \$52,400 or \$21.42 per square foot of living area falls within the range of the best comparables in this record. After considering adjustments to the best comparables for differences from the subject, the Board finds the appellant did not demonstrate with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the assessment is not justified.

The constitutional provision for uniformity of taxation and valuation does not require mathematical equality. A practical uniformity, rather than an absolute one, is the test. Apex Motor Fuel Co. v. Barrett, 20 Ill.2d 395 (1960). Although the comparables presented by the parties disclosed that the properties located in the same area are not assessed at identical levels, all that the constitution requires is a practical uniformity, which appears to exist on the basis of the evidence.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
