

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Kris Stenglein
DOCKET NO.: 24-42593.001-R-1
PARCEL NO.: 13-23-208-032-0000

The parties of record before the Property Tax Appeal Board are Kris Stenglein, the appellant, by attorney Robert Rosenfeld, of Robert H. Rosenfeld & Associates, LLC in Northbrook; and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **A Reduction** in the assessment of the property as established by the **Cook** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$16,443
IMPR.: \$26,598
TOTAL: \$43,041

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2024 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property is improved with a 1.5-story dwelling of frame exterior construction with 1,459 square feet of living area. The dwelling is approximately 116 years old. Features include a full basement, central air conditioning, 2 bathrooms, and a 2-car garage. The property has a 3,780 square foot site located in Chicago, Jefferson Township, Cook County. The subject is classified as a class 2-03 property under the Cook County Real Property Assessment Classification Ordinance.

The appellant contends assessment inequity regarding the improvement as the basis of the appeal. In support of this argument the appellant submitted information on four comparables located within the subject's assessment neighborhood. The comparables are improved with class 2-03 dwellings of frame exterior construction ranging in size from 1,422 to 1,491 square feet of living area. The dwellings are 111 to 116 years old. The comparables each have a full

basement, but no data was provided if the basements have finished area. Each comparable has 2 bathrooms, central air conditioning, and a 2-car garage. The comparables have improvement assessments ranging from \$23,000 to \$28,144 or from \$16.17 to \$19.21 per square foot of living area. The appellant requested the subject's improvement assessment be reduced to \$26,598.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$48,687. The subject property has an improvement assessment of \$32,244 or \$22.10 per square foot of living area.

In support of its contention of the correct assessment the board of review submitted information on three comparables located within the subject's assessment neighborhood. The comparables are improved with class 2-03 dwellings of frame exterior construction ranging in size from 1,014 to 1,774 square feet of living area. The dwellings are 111 to 122 years old. Each comparable has a full basement, two of which have finished area, from 1 to 3.5 bathrooms, and a 1-car or a 2-car garage. Two comparables each have central air conditioning. The comparables have improvement assessments ranging from \$23,054 to \$41,871 or from \$22.74 to \$25.50 per square foot of living area. Based on this evidence, the board of review requested confirmation of the subject's assessment.

Conclusion of Law

The appellant contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant met this burden of proof and a reduction in the subject's assessment is warranted.

The parties submitted seven equity comparables for the Board's consideration. The Board gives less weight to the board of review comparables due to differences relative to the subject in bathroom count, dwelling size, and/or central air conditioning amenity.

The Board finds the best evidence of assessment equity to be the appellant's comparables, which are overall most similar to the subject in location, classification, age, dwelling size, bathroom count, and features. The best comparables have improvement assessments ranging from \$23,000 to \$28,144 or from \$16.17 to \$19.21 per square foot of living area. The subject's improvement assessment of \$32,244 or \$22.10 per square foot of living area falls above the range established by the best comparables in this record and appears to be excessive. After considering the appropriate adjustments to the best comparables for differences when compared to the subject, the Board finds the appellant demonstrated with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's assessment, commensurate with the subject's request, is justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
