

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Josef Lubenow
DOCKET NO.: 24-42595.001-R-1
PARCEL NO.: 13-13-131-008-0000

The parties of record before the Property Tax Appeal Board are Josef Lubenow, the appellant, by attorney Michael R. O'Malley, of Schmidt Salzman & Moran, Ltd. in Chicago; and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Cook** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$13,313
IMPR.: \$71,808
TOTAL: \$85,121

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2024 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a 2-story dwelling of masonry exterior construction with 2,112 square feet of living area. The dwelling is approximately 111 years old. Features of the home include a full basement and a 2-car garage. The property has a 3,750 square foot site and is located in Chicago, Jefferson Township, Cook County. The subject is classified as a class 2-05 property under the Cook County Real Property Assessment Classification Ordinance.

The appellant contends assessment inequity with respect to the improvement as the basis of the appeal. In support of this argument, the appellant submitted information within five equity comparables located within the same assessment neighborhood as the subject property. The comparables are improved with class 2-05, 2-story dwellings of frame or frame and masonry exterior construction that range in size from 1,929 to 2,112 square feet of living area. The dwellings are from 102 to 146 years old. Each comparable has a full basement and central air

conditioning, one comparable has a fireplace, and four comparables have either a 1.5-car, a 2-car or a 2.5-car garage. The comparables have improvement assessments that range from \$51,938 to \$58,428 or from \$25.96 to \$27.66 per square foot of living area. Based on this evidence, the appellant requested the subject's improvement assessment be reduced to \$57,594 or \$27.27 per square foot of living area.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$85,121. The subject property has an improvement assessment of \$71,808 or \$34.00 per square foot of living area.

In support of its contention of the correct assessment, the board of review submitted information on three equity comparables located in the subject's assessment neighborhood and within the subject's block or approximately ¼ of a mile from the subject property. The comparables are improved with class 2-05, 2-story dwellings of masonry exterior construction that range in size 1,590 to 2,135 square feet of living area. The dwellings are from 103 to 108 years old. Each comparable has a full basement and either a 1-car, a 1.5-car or a 2-car garage. One comparable has central air conditioning, and one comparable has a fireplace. The comparables have improvement assessments that range from \$57,688 to \$72,591 or from \$34.00 to \$36.28 per square foot of living area. Based on this evidence, the board of review requested confirmation of the subject's assessment.

Conclusion of Law

The taxpayer contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The record contains eight suggested equity comparables for the Board's consideration. The Board has given less weight to the appellant's comparables #2 and #5 as well as board of review comparable #1 due to differences in their age, dwelling size and/or lack of a garage amenity when compared to the subject.

The Board finds the best evidence of assessment equity to be the parties' remaining which are overall most similar to the subject in location, age, dwelling size, and most features. These five comparables have improvement assessments ranging from \$54,460 to \$72,591 or from \$25.96 to \$35.40 per square foot of living area. The subject's improvement assessment of \$71,808 or \$34.00 per square foot of living area falls within the range established by the best comparables in this record. After considering adjustments to the best comparables for differences from the subject, the Board finds the appellant did not demonstrate with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
