FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD

APPELLANT: Anna Colletti
DOCKET NO.: 24-42649.001-R-1
PARCEL NO.: 13-24-320-030-0000

The parties of record before the Property Tax Appeal Board are Anna Colletti, the appellant, by attorney Robert Rosenfeld, of Robert H. Rosenfeld & Associates, LLC in Northbrook; and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds ***No Change*** in the assessment of the property as established by the **Cook** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND:	$17,999
IMPR.:	$17,001
TOTAL:	$35,000

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2024 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property is improved with a 1-story dwelling of frame exterior construction with 740 square feet of living area. The dwelling was built in 1900 and is approximately 124 years old. Features include a slab foundation. The property has a 3,020 square foot site located in Chicago, Jefferson Township, Cook County. The subject is classified as a class 2-02 property under the Cook County Real Property Assessment Classification Ordinance.

The appellant contends assessment inequity regarding the improvement as the basis of the appeal. In support of this argument the appellant submitted information on four comparables located within the subject's assessment neighborhood and from 1.1 to 1.7 miles from the subject property. The comparables are improved with 1-story, class 2-02 dwellings of frame exterior construction ranging in size from 700 to 840 square feet of living area. The dwellings are from 115 to 126 years old. Each comparable has a slab or crawl space foundation. The comparables

have improvement assessments that range from $12,001 to $15,500 or from $16.07 to $21.43 per square foot of living area. The appellant requested the subject's improvement assessment be reduced.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of $35,000. The subject property has an improvement assessment of $17,001 or $22.97 per square foot of living area.

In support of its contention of the correct assessment the board of review submitted information on three comparables located within the subject's assessment neighborhood and ¼ of a mile from the subject property. The comparables are improved with 1-story, class 2-02 dwellings of frame exterior construction ranging in size from 600 to 651 square feet of living area. The dwellings are either 122 or 127 years old. Each comparable has a slab foundation and a 1-car garage. The comparables have improvement assessments of either $18,500 or $20,251 or ranging from $28.91 to $31.11 per square foot of living area. Based on this evidence, the board of review requested confirmation of the subject's assessment.

Conclusion of Law

The appellant contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The parties submitted seven equity comparables for the Board's consideration. The Board gives less weight to the appellant's comparables which are located over 1.1 miles from the subject property, less proximate to the subject than the other comparables in this record.

The Board finds the best evidence of assessment equity to be the board of review comparables which are located most proximate to the subject and are relatively similar to the subject in design/class, age, and dwelling size. However, each of these comparable has a garage amenity, which the subject lacks, suggesting appropriate downward adjustments for this difference is necessary to make them more equivalent to the subject. Nevertheless, the most proximate comparables have improvement assessments of either $18,500 or $20,251 or ranging from $28.91 to $31.11 per square foot of living area. The subject's improvement assessment of $17,001 or $22.97 per square foot of living area falls below the range established by the best comparables in the record. Based on this record, the Board finds the appellant did not demonstrate with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
