

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Joshua Alfaro
DOCKET NO.: 24-42669.001-R-1
PARCEL NO.: 13-26-409-010-0000

The parties of record before the Property Tax Appeal Board are Joshua Alfaro, the appellant, by attorney Michael R. O'Malley, of Schmidt Salzman & Moran, Ltd. in Chicago; and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Cook** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$13,594
IMPR.: \$44,406
TOTAL: \$58,000

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2024 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a 2-story, multi-family building of masonry exterior construction with 2,096 square feet of gross building area and is approximately 127 years old. Features include a full basement, 2 bathrooms, and a 1-car garage. The property has a 3,125 square foot site and is located in Chicago, Jefferson Township, Cook County. The subject is classified as a class 2-11 property under the Cook County Real Property Assessment Classification Ordinance.

The appellant contends assessment inequity with respect to the improvement as the basis of the appeal. In support of this argument, the appellant submitted information on five comparables located within the same assessment neighborhood as the subject. The appellant's grid analysis reported the comparables proximity to subject was "unknown." The comparables are improved with 1.5-story or 2-story, class 2-11 multi-family buildings of frame or masonry exterior

construction ranging in size from 2,080 to 2,268 square feet of gross building area. The buildings are from 107 to 121 years old. The comparables have full basements and 2 bathrooms. Three comparables each have a 2-car garage. The comparables have improvement assessments ranging from \$17,602 to \$24,582 or from \$7.76 to \$10.94 per square foot of gross building area. Based on this evidence, the appellant requested that the subject's improvement assessment be reduced.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$58,000. The subject property has an improvement assessment of \$44,406 or \$21.19 per square foot of gross building area.

In support of its contention of the correct assessment, the board of review submitted information on three comparables located within the subject's assessment neighborhood and approximately ¼ of a mile from the subject. The comparables are improved with 2-story, class 2-11 multi-family buildings of masonry exterior construction ranging in size from 1,808 to 2,120 square feet of gross building area. The buildings are from 98 to 117 years old. One comparable has a slab foundation, and two comparables each have a full basement. Each comparable has 2 bathrooms, and two comparables each have a 2-car garage. The comparables have improvement assessments ranging from \$39,678 to \$49,664 or from \$21.47 to \$23.55 per square foot of gross building area. Based on this evidence, the board of review requested the subject's assessment be confirmed.

Conclusion of Law

The appellant contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The parties submitted eight suggested comparables for the Board's consideration. The Board gives less weight to the appellant's comparables #2 and #4, along with the board of review's comparables #1 and #2 due to differences from the subject in age, foundation type and/or a lack of a garage amenity when compared to the subject.

The Board finds the best evidence of assessment equity to be the parties' remaining comparables which are relatively similar to the subject in age, building size, foundation type, and most features. These four comparables have improvement assessments ranging from \$17,602 to \$42,576 or from \$7.76 to \$23.55 per square foot of gross building area. The subject's improvement assessment of \$44,406 or \$21.19 per square foot of gross building area falls above the range established by the best comparables in the record on an overall basis and within the range on a per square foot basis. However, the subject's improvement assessment is reasonable given the subject's larger building size relative to the board of review's comparable #3 that is at the upper limit of the value range of the best comparables in the record. Based on this record and

after considering adjustments to the best comparables for differences when compared to the subject, the Board finds the appellant did not demonstrate with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
