

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Wojciech Puzuk
DOCKET NO.: 24-42747.001-R-1
PARCEL NO.: 13-13-119-008-0000

The parties of record before the Property Tax Appeal Board are Wojciech Puzuk, the appellant, by attorney Michael R. O'Malley, of Schmidt Salzman & Moran, Ltd. in Chicago; and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **a reduction** in the assessment of the property as established by the **Cook** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$13,125
IMPR.: \$56,500
TOTAL: \$69,625

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2024 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a 3-story, multi-family building of masonry exterior construction with 5,871 square feet of gross building area and is approximately 109 years old. Features include a full basement and 6 bathrooms. The property has a 3,750 square foot site and is located in Chicago, Jefferson Township, Cook County. The subject is classified as a class 2-11 property under the Cook County Real Property Assessment Classification Ordinance.

The appellant contends assessment inequity with respect to the improvement as the basis of the appeal. In support of this argument, the appellant submitted information on five equity comparables located within the same assessment neighborhood as the subject. The comparables consist of 2-story or 3-story, class 2-11 multi-family buildings of masonry or frame and masonry exterior construction ranging in size from 5,499 to 6,227 square feet of gross building area. The buildings are 103 or 110 years old. The comparables have full basements, either 3 or 4

bathrooms, and a 2-car or a 3-car garage. The comparables have improvement assessments ranging from \$50,688 to \$59,875 or from \$9.03 to \$9.62 per square foot of gross building area. Based on this evidence, the appellant requested the subject's improvement assessment be reduced to \$54,130 or \$9.22 per square foot of living area.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$85,397. The subject property has an improvement assessment of \$72,272 or \$12.31 per square foot of gross building area. In support of its contention of the correct assessment, the board of review submitted information on four equity comparables located within the subject's assessment neighborhood and within the approximately ¼ of a mile from the subject. The comparables consist of 2-story or 3-story, class 2-11 multi-family buildings of masonry exterior construction ranging in size from 3,146 to 6,996 square feet of gross building area. The buildings are 102 to 109 years old. The comparables have full basements and from 3 to 6 bathrooms. Three comparables each have central air conditioning, and three comparables each have a 2-car garage. Comparable #1 has central air conditioning. The comparables have improvement assessments ranging from \$44,673 to \$100,155 or from \$12.80 to \$14.32 per square foot of gross building area. Based on this evidence, the board of review requested the subject's assessment be confirmed.

Conclusion of Law

The appellant contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant met this burden of proof and a reduction in the subject's assessment is warranted.

The parties submitted nine suggested comparables for the Board's consideration. The Board gives less weight to the appellant's comparable #1 and the board of review's comparables which are less similar to the subject in design, building size and/or central air conditioning amenity than the other comparables in the record.

The Board finds the best evidence of assessment equity to be the appellant's comparables #2 through #5 which overall are most similar to the subject in design, age, building size, and some features. However, these comparables have fewer bathrooms and/or a garage amenity, which the subject lacks, suggesting adjustments are needed to the comparables in order to make them more equivalent to the subject. These four comparables have improvement assessments that range from \$50,688 to \$59,875 or from \$9.22 to \$9.62 per square foot of gross building area. The subject's improvement assessment of \$72,272 or \$12.31 per square foot of gross building area falls above the best comparables in this record. After considering the appropriate adjustments to the best comparables for differences from the subject, the Board finds the subject's improvement assessment is excessive. Based on this record, the Board finds a reduction in the subject's assessment is justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
