FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD

APPELLANT: Zashi Vasquez
DOCKET NO.: 24-42771.001-R-1
PARCEL NO.: 13-30-304-042-0000

The parties of record before the Property Tax Appeal Board are Zashi Vasquez, the appellant, by attorney Robert Rosenfeld, of Robert H. Rosenfeld & Associates, LLC in Northbrook; and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds ***A Reduction*** in the assessment of the property as established by the **Cook** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND:	$13,501
IMPR.:	$26,499
TOTAL:	$40,000

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2024 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a 2-story multi-family building of frame exterior construction with 2,256 square feet of gross building area. The building is approximately 69 years old and features a full basement. The property has a 4,355 square foot site and is located in Chicago, Jefferson Township, Cook County. The subject is classified as a class 2-11 property under the Cook County Real Property Assessment Classification Ordinance.

The appellant contends assessment inequity regarding the improvement as the basis of the appeal. In support of this argument, the appellant submitted information on four equity comparables located within the subject's assessment neighborhood. The comparables are improved with class 2-11 buildings of frame exterior construction ranging in size from 2,053 to 2,327 square feet of gross building area. The buildings are from 72 to 117 years old. Each comparable has a full basement, one of which is finished with a family room. Three

comparables each have a 1-car or a 2-car garage. The comparables have improvement assessments ranging from $20,504 to $26,353 or from $9.27 to $11.56 per square foot of gross building area. Based on this evidence, the appellant requested a reduction in the subject's improvement assessment to $23,350.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of $42,001. The subject property has an improvement assessment of $28,500 or $12.63 per square foot of gross building area.

In support of its contention of the correct assessment, the board of review submitted information on three equity comparables located within the subject's assessment neighborhood. The comparables are improved with 2-story, class 2-11 buildings of frame exterior construction ranging in size from 2,107 to 2,322 square feet of gross building area. The buildings are from 64 to 70 years old. Two comparables each have a full basement, one of which is finished with a family room, and one comparable has a slab foundation. Each comparable has from a 1-car to a 2.5-car garage. The comparables have improvement assessments ranging from $24,438 to $30,042 or from $11.50 to $14.26 per square foot of gross building area. Based on this evidence the board of review requested confirmation of the subject's assessment.

Conclusion of Law

The taxpayer contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Adm.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Adm.Code §1910.65(b). Based on the evidence, the Board finds a reduction in the subject's assessment is warranted.

The record contains seven suggested equity comparables for the Board's consideration. The Boards gives less weight to the appellant's comparables #1, #2, and #4, as well as the board of review comparable #2, which are less similar to the subject in age than other comparables in this record and/or lack a basement foundation, which is a feature of the subject. The Board finds the best evidence of assessment equity to be the appellant's comparable #3, as well as board of review comparables #1 and #3, which are overall more similar to the subject in location, design/class, age, and size with varying degrees of similarity in garage amenity and basement finish requiring appropriate adjustments for these differences to make them more equivalent to the subject. Nevertheless, the best comparables have improvement assessments ranging from $24,051 to $30,042 or from $10.34 to $14.26 per square foot of gross building area. The subject's improvement assessment of $28,500 or $12.63 per square foot of gross building area falls within the range established by the best comparables in this record. However, after considering the inferior features of the best comparables when compared to the subject and the appropriate adjustments required to account for these differences, the Board finds the that the subject's improvement was inequitably assessed and a reduction in the subject's assessment is justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
