FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD

APPELLANT: Rosa Calle
DOCKET NO.: 24-42775.001-R-1
PARCEL NO.: 13-28-321-020-0000

The parties of record before the Property Tax Appeal Board are Rosa Calle, the appellant, by attorney Robert Rosenfeld, of Robert H. Rosenfeld & Associates, LLC in Northbrook; and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds ***A Reduction*** in the assessment of the property as established by the **Cook** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND:	$6,882
IMPR.:	$33,600
TOTAL:	$40,482

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2024 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a 2-story multi-family building of masonry exterior construction with 2,625 square feet of gross building area. The building is approximately 100 years old. Features include a full basement and a 2-car garage. The property has a 3,720 square foot site and is located in Chicago, Jefferson Township, Cook County. The subject is classified as a class 2-11 property under the Cook County Real Property Assessment Classification Ordinance.

The appellant contends assessment inequity regarding the improvement as the basis of the appeal. In support of this argument, the appellant submitted information on four equity comparables located within the subject's assessment neighborhood. The comparables are improved with class 2-11 buildings of masonry exterior construction ranging in size from 2,540 to 2,766 square feet of gross building area. The buildings are from 98 to 101 years old. Each comparable has a full basement and a 2-car garage. The comparables have improvement

assessments ranging from $32,356 to $35,430 or from $12.72 to $12.84 per square foot of gross building area. Based on this evidence, the appellant requested a reduction in the subject's improvement assessment to $33,600 or $12.80 per square foot of living area.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of $43,000. The subject property has an improvement assessment of $36,118 or $13.76 per square foot of gross building area.

In support of its contention of the correct assessment, the board of review submitted information on three equity comparables located within the subject's assessment neighborhood. The comparables are improved with 2-story, class 2-11 buildings of masonry exterior construction ranging in size from 2,100 to 2,388 square feet of gross building area. The buildings are either 99 or 100 years old. Each comparable has a full basement with finished area and a 2-car garage. The comparables have improvement assessments ranging from $33,118 to $35,118 or from $14.29 to $15.83 per square foot of gross building area. Based on this evidence the board of review requested confirmation of the subject's assessment.

Conclusion of Law

The taxpayer contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Adm.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Adm.Code §1910.65(b). The Board finds the appellant met this burden of proof and a reduction in the subject's assessment is warranted.

The record contains seven suggested equity comparables for the Board's consideration. The Board gives less weight to the board of review comparables which have basement finish, which the subject lacks, and/or are substantially smaller homes than the subject.

The Board finds the best evidence of assessment equity to be the appellant's comparables, which are overall more similar to the subject in location, age, dwelling size, and other features. The best comparables have improvement assessments ranging from $32,356 to $35,430 or from $12.72 to $12.84 per square foot of gross building area. The subject's improvement assessment of $36,118 or $13.76 per square foot of gross building area falls above the range established by the best comparables in this record and appears to be excessive. After considering adjustments to the best comparables for differences when compared to the subject, the Board finds the appellant demonstrated with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's assessment, commensurate with the appellant's request, is justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
