

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Kyle Gebhardt
DOCKET NO.: 24-43166.001-R-1
PARCEL NO.: 13-22-414-003-0000

The parties of record before the Property Tax Appeal Board are Kyle Gebhardt, the appellant, by attorney Michael R. O'Malley, of Schmidt Salzman & Moran, Ltd. in Chicago; and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Cook** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$13,641
IMPR.: \$34,516
TOTAL: \$48,157

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2024 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a 2-story, multi-family building of masonry exterior construction with 2,168 square feet of gross building area. The building is approximately 115 years old. Features include a full basement and a 1-car garage. The property has a 3,136 square foot site and is located in Chicago, Jefferson Township, Cook County. The subject is classified as a class 2-11 property under the Cook County Real Property Assessment Classification Ordinance.

The appellant contends assessment inequity with respect to the improvement as the basis of the appeal. In support of this argument, the appellant submitted information on five comparables located within the same assessment neighborhood as the subject. The appellant's grid analysis reported the comparables proximity to subject were "unknown." The comparables are improved with 2-story, class 2-11 multi-family buildings of masonry or frame and masonry exterior

construction ranging in size from 2,184 to 2,350 square feet of gross building area. The buildings are from 66 to 123 years old. The comparables have full basements and either a 1.5-car or a 2-car garage. The comparables have improvement assessments ranging from \$23,506 to \$27,557 or from \$10.76 to \$11.73 per square foot of gross building area. Based on this evidence, the appellant requested that the subject's improvement assessment be reduced.

The appellant provided a copy of the Cook County Board of Review final decision disclosing the total assessment for the subject of \$48,157. The subject property has an improvement assessment of \$34,516 or \$15.92 per square foot of gross building area.

The board of review submitted its "Board of Review Notes on Appeal." In support of its contention of the correct assessment, the board of review submitted information on four comparables located within the subject's assessment neighborhood and approximately ¼ of a mile from the subject. The comparables are improved with 1.8-story or 2-story, class 2-11 multi-family buildings of frame or masonry exterior construction ranging in size from 2,016 to 2,396 square feet of gross building area. The buildings are from 100 to 113 years old. The comparables have full basements. One comparable has central air conditioning and a 2.5-car garage. The comparables have improvement assessments ranging from \$40,820 to \$48,602 or from \$19.54 to \$23.52 per square foot of gross building area. Based on this evidence, the board of review requested the subject's assessment be confirmed.

Conclusion of Law

The appellant contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The parties submitted nine suggested comparables for the Board's consideration. The Board gives less weight to the appellant's comparable #5 and the board of review's comparables #2 and #3 which differ from the subject in age, design, or present central air conditioning, a feature the subject lacks.

The Board finds the best evidence of assessment equity to be the parties' remaining comparables which are relatively similar to the subject in age, building size and some features. However, these comparables either have a larger garage capacity or lack a garage amenity, unlike the subject, suggesting adjustments are needed for these differences in order to make them more equivalent to the subject. These six comparables have improvement assessments ranging from \$23,506 to \$46,818 or from \$10.76 to \$20.54 per square foot of gross building area. The subject's improvement assessment of \$34,516 or \$15.92 per square foot of gross building area falls within the range established by the best comparables in the record. After considering adjustments to the best comparables for differences when compared to the subject, the Board finds the appellant did not demonstrate with clear and convincing evidence that the subject's

improvement was inequitably assessed and a reduction in the subject's assessment is not justified.

The constitutional provision for uniformity of taxation and valuation does not require mathematical equality. A practical uniformity, rather than an absolute one, is the test. Apex Motor Fuel Co. v. Barrett, 20 Ill.2d 395 (1960). Although the comparables presented by the parties disclosed that the properties located in the same area are not assessed at identical levels, all that the constitution requires is a practical uniformity, which appears to exist on the basis of the evidence.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
