

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Andrea Murgu
DOCKET NO.: 24-43381.001-R-1
PARCEL NO.: 10-32-412-028-0000

The parties of record before the Property Tax Appeal Board are Andrea Murgu, the appellant, by attorney Brian S. Maher, of Weis, DuBrock, Doody & Maher in Chicago; and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Cook** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$34,466
IMPR.: \$64,534
TOTAL: \$99,000

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2024 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a 2-story dwelling of frame and masonry exterior construction with 3,853 square feet of living area. The dwelling is approximately 82 years old. Features of the home include a basement, 2½ bathrooms, central air conditioning, two fireplaces and a 2-car garage. The property has an approximately 11,118 square foot site and is located in Chicago, Jefferson Township, Cook County. The subject is classified as a class 2-06 property under the Cook County Real Property Assessment Classification Ordinance.

The appellant contends assessment inequity with respect to the improvement as the basis of the appeal. In support of this argument the appellant submitted information on four equity comparables located in the same assessment neighborhood code as the subject property. The comparables are improved with 2-story class 2-06 dwellings of frame or masonry exterior construction ranging in size from 2,820 to 4,225 square feet of living area. The homes range

from 83 to 86 years old. Three comparables have a basement and one comparable has a concrete slab foundation. Each dwelling has from 2-full to 4½ bathrooms. Three homes have central air conditioning, three dwellings each have one fireplace and three comparables have either a 1-car or a 2-car garage. The comparables have improvement assessments ranging from \$37,460 to \$51,364 or from \$11.69 to \$14.95 per square foot of living area. Based on this evidence, the appellant requested the subject's improvement assessment be reduced to \$50,166 or \$13.02 per square foot of living area.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$99,000. The subject property has an improvement assessment of \$64,534 or \$16.75 per square foot of living area. In support of its contention of the correct assessment the board of review submitted information on four equity comparables located in the same assessment neighborhood code, same subarea or within ¼ of a mile from the subject property. The comparables are improved with 2-story class 2-06 dwellings of frame and masonry exterior construction ranging in size from 3,387 to 4,353 square feet of living area. The homes are from 82 to 86 years old. Three comparables have a basement and one comparable has a concrete slab foundation. Each dwelling has from 2½ to 4½ bathrooms, central air conditioning and a 1-car or a 2-car garage. Three homes have either one or two fireplaces. The comparables have improvement assessments ranging from \$57,660 to \$83,660 or from \$17.02 to \$19.80 per square foot of living area. Based on this evidence, the board of review requested the subject's assessment be confirmed.

Conclusion of Law

The appellant contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The parties submitted eight equity comparables for the Board's consideration. The Board gives reduced weight to the appellant's comparables and board of review comparables #1 and #3 which differ from the subject in foundation type, dwelling size, lack a garage amenity and/or have two additional full bathrooms when compared to the subject.

The Board finds the best evidence of assessment equity to be board of review comparables #2 and #4 which are more similar to the subject in location, age, design, dwelling size and features. These comparables have improvement assessments of \$57,660 and \$59,779 or \$17.02 and \$17.64 per square foot of living area. The subject's improvement assessment of \$64,534 or \$16.75 per square foot of living area falls above the two best comparables in this record on an overall improvement assessment basis and below the two best comparables on a per square foot basis. Accepted real estate theory provides that, all things being equal, as the size of a property increases, the per unit value decreases. In contrast, as the size of a property decreases, the per unit value increases. Given the two best comparables have a slightly smaller dwelling size

relative to the subject, a higher improvement assessment and lower per square foot improvement assessment appears logical. Therefore, after considering adjustments to the best comparables for differences from the subject, the Board finds the appellant did not demonstrate with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
