FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD

APPELLANT: Ryan Einfeldt
DOCKET NO.: 24-43431.001-R-1
PARCEL NO.: 13-24-119-023-0000

The parties of record before the Property Tax Appeal Board are Ryan Einfeldt, the appellant, by attorney Robert Rosenfeld, of Robert H. Rosenfeld & Associates, LLC in Northbrook; and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds ***A Reduction*** in the assessment of the property as established by the **Cook** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND:	$19,375
IMPR.:	$22,070
TOTAL:	$41,445

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2024 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a 2-story, multi-family building of frame exterior construction with 2,708 square feet of gross building area. The building is approximately 140 years old. Features include a full basement, four full bathrooms, and a 2-car garage. The property has a 3,125 square foot site and is located in Chicago, Jefferson Township, Cook County. The subject is classified as a class 2-11 property under the Cook County Real Property Assessment Classification Ordinance.

The appellant contends assessment inequity with respect to the improvement as the basis of the appeal. In support of this argument, the appellant submitted information on four equity comparables located within the subject's assessment neighborhood. The comparables are improved with 2-story, class 2-11 multi-family buildings of frame exterior construction ranging in size from 2,630 to 2,822 square feet of gross building area. The buildings are either 114 or

121 years old. Each comparable has a full basement, finished with either a formal recreation room or an apartment, three full bathrooms with one of these also having an additional half bathroom, and a 2-car garage. The comparables have improvement assessments ranging from $19,002 to $23,780 or from $7.21 to $8.58 per square foot of gross building area. Based on this evidence, the appellant requested that the subject's improvement assessment be reduced to $22,070 or $8.15 per square foot of living area.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of $46,000. The subject property has an improvement assessment of $26,625 or $9.83 per square foot of gross building area. In support of its contention of the correct assessment, the board of review submitted information on four equity comparables located within the subject's assessment neighborhood. The comparables are improved with 1.5-story or 2-story, class 2-11 multi-family buildings of frame or frame and masonry exterior construction ranging in size from 2,396 to 3,240 square feet of gross building area. The buildings are from 127 to 134 years old. Two comparables each have a full basement, one of which is finished with an apartment, and two comparables each have a slab foundation. One comparable has central air conditioning. Each comparable has a 2-car garage. The comparables have improvement assessments ranging from $25,105 to $33,140 or from $10.01 to $12.50 per square foot of gross building area. Based on this evidence, the board of review requested the subject's assessment be confirmed.

Conclusion of Law

The appellant contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant met this burden of proof and a reduction in the subject's assessment is warranted.

The parties submitted eight suggested equity comparables for the Board's consideration. The Board gives less weight to the board of review comparables due to differences when compared to the subject in size, foundation type, and/or central air conditioning. The Board finds the best evidence of assessment equity to be the appellant's comparables which are similar to the subject in location, design/class, and dwelling size with varying degrees of similarity in bathroom count, finished basement area, and other features. The best comparables have improvement assessments ranging from $19,002 to $23,780 or from $7.21 to $8.58 per square foot of gross building area. The subject's improvement assessment of $26,625 or $9.83 per square foot of gross building area falls above the range established by the best comparables in this record and appears to be excessive. After considering adjustments to the best comparables for differences when compared to the subject, the Board finds the appellant demonstrated with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's assessment, commensurate with the appellant's request, is justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
