FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD

APPELLANT: Frank Grabos
DOCKET NO.: 24-43647.001-R-1
PARCEL NO.: 13-21-126-033-0000

The parties of record before the Property Tax Appeal Board are Frank Grabos, the appellant, by attorney Robert Rosenfeld, of Robert H. Rosenfeld & Associates, LLC in Northbrook; and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds ***No Change*** in the assessment of the property as established by the **Cook** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND:	$13,125
IMPR.:	$35,375
TOTAL:	$48,500

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2024 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a 2-story, multi-family building of masonry exterior construction with 2,636 square feet of gross building area. The building is approximately 65 years old. Features include a full basement with finished area, two full bathrooms, two half bathrooms, central air conditioning, and a 2-car garage. The property has a 3,750 square foot site and is located in Chicago, Jefferson Township, Cook County. The subject is classified as a class 2-11 property under the Cook County Real Property Assessment Classification Ordinance.

The appellant contends assessment inequity with respect to the improvement as the basis of the appeal. In support of this argument, the appellant submitted information on four equity comparables located within the subject's assessment neighborhood. The comparables are improved with class 2-11 multi-family buildings of masonry exterior construction ranging in size from 2,665 to 2,886 square feet of gross building area. The buildings are from 66 to 98 years

old. Each comparable has a full basement, two full bathrooms. central air conditioning, and a 2-car or a 2.5-car garage. The comparables have improvement assessments ranging from $34,085 to $37,085 or from $12.72 to $12.85 per square foot of gross building area. Based on this evidence, the appellant requested that the subject's improvement assessment be reduced.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of $48,500. The subject property has an improvement assessment of $35,375 or $13.42 per square foot of gross building area. In support of its contention of the correct assessment, the board of review submitted information on four equity comparables located within the subject's assessment neighborhood. The comparables are improved with 2-story, class 2-11 multi-family buildings of masonry exterior construction ranging from 2,064 to 2,400 square feet of gross building area. The buildings are from 29 to 71 years old. Each comparable has a full basement, two of which are finished with an apartment or a formal recreation room, and two or three full bathrooms. One comparable has central air conditioning. Two comparables each have a 1.5-car or a 2-car garage. The comparables have improvement assessments ranging from $31,085 to $44,875 or from $14.58 to $19.52 per square foot of gross building area. Based on this evidence, the board of review requested the subject's assessment be confirmed.

Conclusion of Law

The appellant contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). Based on the evidence in this record, the Board finds a reduction in the subject's assessment is not warranted.

The parties submitted eight suggested equity comparables for the Board's consideration. The Board gives less weight to board of review comparables due to differences when compared to the subject in size, central air conditioning, and/or garage amenity. The Board finds the best evidence of assessment equity to be the appellant's comparables which are similar to the subject in location, design/class, and building size. Three of these comparables are substantially older buildings than the subject and each comparable has a fewer number of bathrooms than the subject and lack basement finish, which is a feature of the subject, suggesting upward adjustments for these differences would be necessary to make them more equivalent to the subject. The best comparables have improvement assessments ranging from $34,085 to $37,085 or from $12.72 to $12.85 per square foot of gross building area. The subject's improvement assessment of $35,375 or $13.42 per square foot of gross building area falls within the range established by the best comparables in this record on an overall basis but above the range on a per square basis. However, after considering adjustments for the subject's newer age and greater bathroom count when compared to the best comparables, the Board finds the appellant did not demonstrate with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
