FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD

APPELLANT: Layla Erzrumly
DOCKET NO.: 24-43688.001-R-1
PARCEL NO.: 13-16-319-015-0000

The parties of record before the Property Tax Appeal Board are Layla Erzrumly, the appellant, by attorney Robert Rosenfeld, of Robert H. Rosenfeld & Associates, LLC in Northbrook; and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds ***A Reduction*** in the assessment of the property as established by the **Cook** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND:	$14,875
IMPR.:	$31,125
TOTAL:	$46,000

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2024 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property is improved with a 1.5-story dwelling of stucco exterior construction with 2,365 square feet of living area. The dwelling is approximately 110 years old. Features include a full basement and a 2-car garage. The property has a 4,250 square foot site located in Chicago, Jefferson Township, Cook County. The subject is classified as a class 2-04 property under the Cook County Real Property Assessment Classification Ordinance.

The appellant contends assessment inequity regarding the improvement as the basis of the appeal. In support of this argument, the appellant submitted information on four comparables located within the subject's assessment neighborhood. The comparables are improved with class 2-04 dwellings of masonry or frame and masonry exterior construction ranging in size from 2,427 to 2,518 square feet of living area. The dwellings are from 98 to 102 years old. Each comparable has a full basement and a 1.5-car or a 2-car garage. The comparables have

improvement assessments ranging from $27,750 to $32,680 or from $11.02 to $13.21 per square foot of living area. Based on this evidence, the appellant requested the subject's improvement assessment be reduced to $29,231.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of $48,000. The subject property has an improvement assessment of $33,125 or $14.01 per square foot of living area.

In support of its contention of the correct assessment, the board of review submitted information on four comparables located within the subject's assessment neighborhood. The comparables are improved with 1.5-story, class 2-04 dwellings of stucco exterior construction ranging from 1,844 to 2,296 square feet of living area. The dwellings are either 109 or 111 years old. Each comparable has a full basement. One comparable has central air conditioning. Three comparables each have a 1.5-car or a 2-car garage. The comparables have improvement assessments that range from $28,214 to $35,563 or from $15.30 to $16.34 per square foot of living area. Based on this evidence, the board of review requested confirmation of the subject's assessment.

Conclusion of Law

The appellant contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant met this burden of proof and a reduction in the subject's assessment is warranted.

The parties submitted eight equity comparables for the Board's consideration. The Board gives less weight to the board of review comparables which are less similar to the subject in size than other comparables in this record, have central air conditioning, which the subject lacks, and/or lack a garage amenity, which is a feature of the subject .

The Board finds the best evidence of assessment equity to be the appellant's comparables which are overall more similar to the subject in location, design/class, age, dwelling size, and features. These comparables have improvement assessments ranging from $27,750 to $32,680 or from $11.02 to $13.21 per square foot of living area. The subject's improvement assessment of $33,125 or $14.01 per square foot of living area falls above the range established by the best comparables in this record and appears to be excessive. After considering adjustments to the best comparables for differences when compared to the subject, the Board finds the appellant demonstrated with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's assessment is justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
