

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Francisco Hernandez
DOCKET NO.: 24-43690.001-R-1
PARCEL NO.: 13-06-316-036-0000

The parties of record before the Property Tax Appeal Board are Francisco Hernandez, the appellant, by attorney Robert Rosenfeld, of Robert H. Rosenfeld & Associates, LLC in Northbrook; and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Cook** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$21,875
IMPR.: \$28,125
TOTAL: \$50,000

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2024 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a 1-story dwelling of masonry exterior construction with 1,847 square feet of living area. The dwelling is approximately 63 years old. Features of the home include a slab foundation, two full baths and a 1-car garage. The property has an 8,750 square foot site and is located in Chicago, Jefferson Township, Cook County. The subject is classified as a class 2-04 property under the Cook County Real Property Assessment Classification Ordinance.

The appellant contends assessment inequity with respect to the improvement as the basis of the appeal. In support of this argument the appellant submitted information on three equity comparables with the same assessment neighborhood code as the subject. The comparables are class 2-03 properties improved with 1-story dwellings of masonry exterior construction ranging in size from 1,897 to 2,179 square feet of living area. The dwellings are 66 to 150 years old and

have full basements. Each comparable has one or two full baths and a 2-car garage. One comparable has a half bath. The comparables have improvement assessments ranging from \$27,000 to \$32,125 or from \$13.72 to \$14.74 per square foot of living area. Based on this evidence the appellant requested a reduction in the subject's improvement assessment.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$50,000. The subject property has an improvement assessment of \$28,125 or \$1523 per square foot of living area. In support of its contention of the correct assessment the board of review submitted information on four equity comparables with the same assessment neighborhood code as the subject. The comparables are class 2-04 properties improved with 1-story dwellings of masonry exterior construction ranging in size from 1,536 to 1,862 square feet of living area. The homes are 64 to 77 years old with three having full basements and one having a slab foundation. The comparables each have one full bath, three of which have an additional half bath. Three comparables have central air conditioning. Three comparables each have one or two fireplaces. Two comparables each have a 2-car garage. The comparables have improvement assessments ranging from \$29,875 to \$32,500 or from \$16.07 to \$18.88 per square foot of living area. Based on this evidence the board of review requested confirmation of the subject's assessment.

Conclusion of Law

The appellant contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The record contains seven suggested comparables for the Board's consideration that are similar 1-story dwellings with the same property classification code and neighborhood code as the subject. The Board gives less weight to appellant's comparables #2 and #3 as well as board of review comparable #3 due to significant differences from the subject dwelling in age or size.

The Board finds the best evidence of assessment equity to be appellant's comparable #1 along with board of review comparables #1, #2 and #4 which have varying degrees of similarity to the subject in age, dwelling size and features. These comparables have improvement assessments ranging from \$27,720 to \$32,500 or from \$13.72 to \$18.88 per square foot of living area. The Board finds board of review comparable #4 is the only home with a slab foundation similar to the subject and has an improvement assessment of \$30,220 or \$16.23 per square foot of living area. The subject's improvement assessment of \$28,125 or \$15.23 per square foot of living area falls within the range established by the best comparables in this record. Furthermore, the subject's improvement assessment is supported by the only comparable in the record with a slab foundation similar to the subject. After considering adjustments to the best comparables for differences including features such as foundation, central air conditioning and/or garage amenity when compared to the subject, the Board finds the appellant did not demonstrate with clear and

convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
