

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Nicholas Goode
DOCKET NO.: 24-43747.001-R-1
PARCEL NO.: 13-35-417-005-0000

The parties of record before the Property Tax Appeal Board are Nicholas Goode, the appellant, by attorney Michael R. O'Malley, of Schmidt Salzman & Moran, Ltd. in Chicago; and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Cook** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$16,372
IMPR.: \$51,139
TOTAL: \$67,511

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2024 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property is improved with a 2-story dwelling of frame exterior construction containing 3,467 square feet of living area. The dwelling is approximately 137 years old. Features of the home include a full basement with finished area,¹ central air conditioning, and a 2-car garage. The property has a 4,425 square foot site and is located in Chicago, Jefferson Township, Cook County. The subject is classified as a class 2-06 property under the Cook County Real Property Assessment Classification Ordinance.

The appellant contends assessment inequity with respect to the improvement as the basis of the appeal. In support of this argument the appellant submitted information on five comparables located within the same assessment neighborhood as the subject. The comparables consist of

class 2-06, 2-story dwellings of frame or frame and masonry exterior construction ranging in size from 2,340 to 3,009 square feet of living area. The dwellings are 104 to 131 years old. The comparables have full basements with "N/A" disclosed for the finished area. One comparable has central air conditioning, and four comparables have either a 1-car or a 2-car garage. The comparables have improvement assessments ranging from \$23,500 to \$35,438 or from \$9.34 to \$12.71 per square foot of living area. Based on this evidence, the appellant requested the subject's improvement assessment be reduced to \$35,744.

The appellant provided a copy of the Cook County Board of Review final decision disclosing a total assessment for the subject property of \$67,511. The subject has an improvement assessment of \$51,139 or \$14.75 per square foot of living area.

The board of review submitted its "Board of Review Notes on Appeal." In support of its contention of the correct assessment the board of review submitted information on four comparables located within the same assessment neighborhood and subarea as the subject property. The comparables consist of class 2-06, 2-story dwellings of frame or masonry exterior construction ranging in size from 3,256 to 3,918 square feet of living area. The dwellings are 114 to 122 years old. The comparables have full basements, with three having finished area. Three comparables each have central air conditioning, two comparables have 1 or 3 fireplaces, and each comparable has a 2-car garage. The comparables have improvement assessments ranging from \$61,125 to \$75,330 or from \$15.60 to \$21.40 per square foot of living area. Based on this evidence, the board of review requested the subject's assessment be confirmed.

Conclusion of Law

The taxpayer contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The parties submitted nine equity comparables for the Board's consideration. The Board gives less weight to the appellant's comparables and the board of review's comparable #1 due to differences in their dwelling sizes, ages, and/or a lack of central air conditioning when compared to the subject. In addition, the appellant's comparable #3 also lacks a garage, unlike the subject.

The Board finds the best evidence of assessment equity to be the board of review's comparables #2, #3 and #4 which are overall most similar to the subject in location, age, dwelling size, and most features. These three comparables have improvement assessments ranging from \$61,125 to \$75,330 or from \$15.60 to \$20.12 per square foot of living area. The subject's improvement assessment of \$51,139 or \$14.75 per square foot of living area falls below the range established by the best comparables in the record. After considering adjustments to the best comparables for differences from the subject, the Board finds the appellant did not demonstrate with clear and

convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
