FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD

APPELLANT: Chintal Patel
DOCKET NO.: 24-43799.001-R-1
PARCEL NO.: 13-24-305-053-0000

The parties of record before the Property Tax Appeal Board are Chintal Patel, the appellant, by attorney Robert Rosenfeld, of Robert H. Rosenfeld & Associates, LLC in Northbrook; and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds ***A Reduction*** in the assessment of the property as established by the **Cook** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND:	$6,026
IMPR.:	$45,512
TOTAL:	$51,538

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2024 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a 3-story townhome of masonry exterior construction with 1,762 square feet of living area. The dwelling was built in 2007 and is approximately 17 years old. Features include a slab foundation, central air conditioning, and a 2-car garage. The property has a 972 square foot site and is located in Chicago, Jefferson Township, Cook County. The subject is classified as a class 2-95 property under the Cook County Real Property Assessment Classification Ordinance.

The appellant contends assessment inequity with respect to the improvement as the basis of the appeal. In support of this argument, the appellant submitted information on four equity comparables located within the subject's assessment neighborhood. The comparables are improved with class 2-95 townhomes of masonry exterior construction with each having 1,762 square feet of living area. The comparables are each 17 years old. Each comparable has a slab

foundation, central air conditioning, and a 2-car garage. The comparables have improvement assessments ranging from $45,184 to $45,636 or from $25.64 to $25.90 per square foot of living area. Based on this evidence, the appellant requested that the improvement assessment be reduced to $45,512.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of $54,000. The subject property has an improvement assessment of $47,974 or $27.23 per square foot of living area.

In support of its contention of the correct assessment, the board of review submitted information on four equity comparables located within the subject's assessment neighborhood. The comparables are improved with 3-story, class 2-95 townhomes of frame exterior construction with each having 1,982 square feet of living area. The homes are each 11 years old. Each comparable has a slab foundation, central air conditioning, and a 2-car garage. The comparables have improvement assessments ranging from $55,283 to $57,267 or ranging from $27.89 to $28.89 per square foot of living area. Based on this evidence, the board of review requested the subject's assessment be confirmed.

Conclusion of Law

The appellant contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant met this burden of proof and a reduction in the subject's assessment is warranted.

The parties submitted eight suggested equity comparables for the Board's consideration. The Board gives less weight to the board of review comparables which are less similar to the subject in age and dwelling size than the comparables presented by the appellant.

The Board finds the best evidence of assessment requite to be the appellant's comparables which are most similar, if not identical, to the subject in location, design/class, age, dwelling size, and features. The best comparables have improvement assessments ranging from $45,184 to $45,636 or from $25.64 to $25.90 per square foot of living area. The subject's improvement assessment of $47,974 or $27.23 per square foot of living area falls above the range established by the best comparables in this record and appears to be excessive. Based on this record, the Board finds the appellant demonstrated with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's assessment, commensurate with the appellant's request, is justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
