

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Joodi Rad
DOCKET NO.: 24-44048.001-R-1
PARCEL NO.: 13-12-402-017-0000

The parties of record before the Property Tax Appeal Board are Joodi Rad, the appellant, by attorney Michael R. O'Malley of Schmidt Salzman & Moran, Ltd. in Chicago; and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **no change** in the assessment of the property as established by the **Cook** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$11,395
IMPR.: \$39,038
TOTAL: \$50,433

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2024 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a 2-story multi-family building of masonry exterior construction with 2,117 square feet of gross building area. The building is approximately 109 years old. Features of the property include a full basement with finished area and a 2-car garage.¹ The property has a site with 3,210 square feet of land area and is located in Chicago, Jefferson Township, Cook County. The subject is classified as a class 2-11 property under the Cook County Real Property Assessment Classification Ordinance.

The appellant contends assessment inequity with respect to the improvement as the basis of the appeal. In support of this argument the appellant submitted information on five equity comparables that have the same assessment neighborhood code as the subject property. The

¹ The board of review disclosed the subject building has a formal recreation room in the basement, which was not reported by nor was it refuted by the appellant.

comparables are class 2-11 properties improved with 1.5-story or 2-story multi-family buildings of frame or masonry exterior construction ranging in size from 2,042 to 3,960 square feet of gross building area. The buildings are from 98 to 126 years old. One comparable has a concrete slab foundation and four comparables each have a full basement. Four comparables each have either a 1-car, a 1.5-car or a 2-car garage. The comparables have improvement assessments that range from \$20,453 to \$54,688 or from \$10.02 to \$14.37 per square foot of gross building area. Based on this evidence, the appellant requested a reduction in the subject's improvement assessment to \$28,897 or \$13.65 per square foot of gross building area.

The appellant submitted a copy of the Cook County Board of Review decision disclosing the final total assessment for the subject of \$50,433. The subject property has an improvement assessment of \$39,038 or \$18.44 per square foot of gross building area.

The board of review submitted its "Board of Review Notes on Appeal." In support of its contention of the correct assessment the board of review submitted information on four equity comparables. The comparables have the same assessment neighborhood code as the subject and are located within the same block and along the same street as the subject property. The comparables are class 2-11 properties improved with 1.5-story or 2-story multi-family buildings of frame or masonry exterior construction ranging in size from 2,080 to 2,614 square feet of gross building area. The buildings are from 102 to 135 years old. The comparables each have a full basement, two with finished area. One comparable has two fireplaces and two comparables each have either a 1-car or a 1.5-car garage. The comparables have improvement assessments that range from \$41,238 to \$50,238 or from \$18.61 to \$22.41 per square foot of gross building area. Based on this evidence, the board of review requested confirmation of the subject's assessment.

Conclusion of Law

The taxpayer contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The parties submitted nine comparable properties for the Board's consideration. The Board has given less weight to the appellant's comparables #1, #2, #4 and #5, as well as board of review comparables #2 and #3 which differ from the subject building in foundation or size.

The Board finds the best evidence of assessment equity to be the appellant's comparable #3, along with board of review comparables #1 and #4, which are similar to the subject in location, building size, foundation and age. However, the Board finds these three comparables have varying degrees of similarity when compared to the subject in basement finish and garage amenity, suggesting adjustments would be required to make the comparables more equivalent to the subject. Nevertheless, these three comparables have improvement assessments ranging from

\$31,337 to \$46,605 or from \$13.65 to \$22.41 per square foot of gross building area. The subject's improvement assessment of \$39,038 or \$18.44 per square foot of gross building area falls within the range established by the best comparables in the record. Based on this record and after considering adjustments to the best comparables for differences from the subject, the Board finds the appellant did not demonstrate with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
