FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD

APPELLANT: 7066 Diversey, LLC
DOCKET NO.: 24-44079.001-R-1
PARCEL NO.: 13-30-129-041-0000

The parties of record before the Property Tax Appeal Board are 7066 Diversey, LLC, the appellant(s), by attorney Robert Rosenfeld, of Robert H. Rosenfeld & Associates, LLC in Northbrook; and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds ***No Change*** in the assessment of the property as established by the **Cook** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND:	$13,175
IMPR.:	$43,825
TOTAL:	$57,000

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2024 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a 2-story, multi-family building of masonry exterior construction with 4,081 square feet of gross building area and is approximately 71 years old. Features of the building include a full basement finished with an apartment and a 2-car garage. The property has a 4,250 square foot site and is located in Chicago, Jefferson Township, Cook County. The subject is classified as a class 2-11 property under the Cook County Real Property Assessment Classification Ordinance.

The appellant contends assessment inequity regarding the improvement as the basis of the appeal. In support of this argument, the appellant submitted information on four equity comparables located within the subject's assessment neighborhood. The comparables are improved with class 2-11 buildings of masonry exterior construction ranging in size from 3,630 to 3,994 square feet of gross building area. The buildings are from 63 to 102 years old. Each

comparable has a full or partial basement, two of which are finished with an apartment. Three comparables each have a 1-car or a 2-car garage. The comparables have improvement assessments ranging from $36,120 to $39,920 or from $9.95 to $10.16 per square foot of gross building area. Based on this evidence, the appellant requested a reduction in the subject's improvement assessment.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of $57,000. The subject property has an improvement assessment of $43,825 or $10.74 per square foot of gross building area. In support of its contention of the correct assessment, the board of review submitted information on four equity comparables located within the subject's assessment neighborhood. The comparables are improved with class 2-11 buildings of masonry exterior construction ranging in size from 3,144 to 4,430 square feet of gross building area. The buildings are from 69 to 75 years old. Each comparable has a full basement, three of which are finished with an apartment. Three comparables each have a 2-car or a 2.5-car garage. The comparables have improvement assessments ranging from $36,400 to $59,118 or from $11.07 to $13.87 per square foot of gross building area. Based on this evidence the board of review requested confirmation of the subject's assessment.

Conclusion of Law

The appellant contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Adm.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Adm.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The record contains eight suggested equity comparables for the Board's consideration. The Board gives less weight to the appellant's comparables #1, #2, and #3, as well as board of review comparables #1 and #3, due to substantial differences from the subject in age or size.

The Board finds the best evidence of assessment equity to be the appellant's comparables #4, as well as board of review comparables #2 and #4, which are overall more similar to the subject in location, classification, age, and size. However, one comparable lacks a garage amenity suggesting an upward adjustment for this difference would be necessary to make it more equivalent to the subject. The best comparables have improvement assessments ranging from $39,896 to $59,118 or from $10.16 to $13.87 per square foot of gross building area. The subject's improvement assessment of $43,825 or $10.74 per square foot of gross building area falls within the range established by the best comparables in this record. After considering adjustments to the best comparables for differences when compared to the subject, the Board finds the appellant did not demonstrate with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
