FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD

APPELLANT: Kathleen McGowan
DOCKET NO.: 24-44181.001-R-1
PARCEL NO.: 13-22-210-008-0000

The parties of record before the Property Tax Appeal Board are Kathleen McGowan, the appellant, by attorney Robert Rosenfeld, of Robert H. Rosenfeld & Associates, LLC in Northbrook; and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds ***No Change*** in the assessment of the property as established by the **Cook** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND:	$20,544
IMPR.:	$45,976
TOTAL:	$66,520

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2024 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property is improved with a 1.5-story dwelling of stucco exterior construction with 2,071 square feet of living area. The dwelling is approximately 110 years old. Features of the home include a full basement, central air conditioning, and a 2-car garage. The property has a 5,201 square foot site located in Chicago, Jefferson Township, Cook County. The subject is classified as a class 2-04 property under the Cook County Real Property Assessment Classification Ordinance.

The appellant contends assessment inequity regarding the improvement as the basis of the appeal. In support of this argument, the appellant submitted information on four comparables located within the subject's assessment neighborhood. The comparables are improved with class 2-04 dwellings of stucco exterior construction ranging in size from 1,894 to 2,244 square feet of living area. The dwellings are from 108 to 116 years old. Each comparable has a full basement,

central air conditioning, and a 2-car or a 2.5-car garage. Three comparables each have one or two fireplaces. The comparables have improvement assessments ranging from $38,237 to $44,574 or from $17.84 to $20.76 per square foot of living area. The appellant requested the subject's improvement assessment be reduced.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of $66,520. The subject property has an improvement assessment of $45,976 or $22.20 per square foot of living area.

In support of its contention of the correct assessment, the board of review submitted information on four comparables located within the subject's assessment neighborhood. The comparables are improved with class 2-04 dwellings of frame, masonry, or stucco exterior construction ranging from 1,976 to 2,044 square feet of living area. The dwellings are from 111 to 120 years old. Each comparable has a full basement and a 2-car garage. Three comparables each have central air conditioning. One comparable has one fireplace. The comparables have improvement assessments that range from $44,625 to $52,560 or from $22.20 to $26.60 per square foot of living area. Based on this evidence, the board of review requested confirmation of the subject's assessment.

Conclusion of Law

The appellant contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The parties submitted eight equity comparables for the Board's consideration. The Board gives less weight to board of review comparable #1 which lacks central air conditioning, which is a feature of the subject.

The Board finds the best evidence of assessment equity to be the appellant's comparables and the three remaining board of review comparables which are overall most similar to the subject in neighborhood code, classification, age, dwelling size, and features. These comparables have improvement assessments ranging from $38,237 to $52,560 or from $17.84 to $26.60 per square foot of living area. The subject's improvement assessment of $45,976 or $22.20 per square foot of living area falls within the range established by the best comparables in this record. After considering adjustments to the best comparables for differences when compared to the subject, the Board finds the appellant did not demonstrate with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
