

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Kevine Dinh
DOCKET NO.: 24-44187.001-R-1
PARCEL NO.: 13-03-402-001-0000

The parties of record before the Property Tax Appeal Board are Kevine Dinh, the appellant, by attorney Michael R. O'Malley, of Schmidt Salzman & Moran, Ltd. in Chicago; and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Cook** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$13,125
IMPR.: \$62,692
TOTAL: \$75,817

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2024 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a 2-story dwelling of masonry exterior construction with 2,562 square feet of living area. The dwelling is approximately 19 years old. Features of the property include a full basement, 3½ bathrooms, central air conditioning, a fireplace and a 2-car garage.¹ The property has a 3,750 square foot site and is located in Chicago, Jefferson Township, Cook County. The subject is classified as a class 2-78 property under the Cook County Real Property Assessment Classification Ordinance.

The appellant contends assessment inequity with respect to the improvement as the basis of the appeal. In support of this argument, the appellant submitted information on five equity comparables located within the same assessment neighborhood as the subject. The comparables

¹ The board of review's grid analysis disclosed the subject dwelling has 3½ bathrooms, which was unrefuted by the appellant.

are improved with a class 2-78, 2-story dwellings of masonry or frame and masonry exterior construction ranging in size from 2,428 to 2,680 square feet of living area. The dwellings are from 25 to 27 years old. Each comparable has a partial or full basement, 2½ bathrooms, central air conditioning, a fireplace, and a 2-car garage.² The comparables have improvement assessments ranging from \$41,060 to \$48,350 or from \$16.61 to \$18.61 per square foot of living area. Based on this evidence, the appellant requested that the subject's improvement assessment be reduced to \$46,218 or \$18.04 per square foot of living area.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$75,817. The subject property has an improvement assessment of \$62,692 or \$24.47 per square foot of living area. In support of its contention of the correct assessment, the board of review submitted information on four equity comparables located within the subject's assessment neighborhood and within the subject's block or approximately ¼ of a mile from the subject. The comparables are improved with class 2-78, 2-story dwellings of frame or masonry exterior construction ranging in size from 2,200 to 2,976 square feet of living area. The dwellings are from 6 to 18 years old. Three dwellings each have a full basement, and comparable #3 has a slab foundation. Each comparable has 2½ or 3½ bathrooms and central air conditioning. One comparable has a fireplace, and three comparables each have a 2-car garage. The comparables have improvement assessments ranging from \$55,875 to \$77,875 or from \$24.90 to \$31.80 per square foot of living area. Based on this evidence, the board of review requested that the subject's assessment be confirmed.

Conclusion of Law

The appellant contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The parties submitted a total of nine comparable properties for the Board's consideration. The Board gives less weight to the board of review's comparables #2, #3 and #4 due to differences in age or dissimilar foundation type when compared to the subject.

The Board finds the best evidence of assessment equity to be the appellant's comparables and the board of review's comparable #1 which are overall most similar to the subject in age, dwelling size, foundation type, location and most features. These comparables have improvement assessments ranging from \$41,060 to \$68,245 or from \$16.61 to \$31.02 per square foot of living area. The subject's improvement assessment of \$62,692 or \$24.47 per square foot of living area falls within the range established by the best comparables in this record. After considering adjustments to the best comparables for differences when compared to the subject, the Board

finds the appellant did not demonstrate with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
