FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD

APPELLANT: Bradley Luxenberg
DOCKET NO.: 24-44219.001-R-1
PARCEL NO.: 13-26-401-034-0000

The parties of record before the Property Tax Appeal Board are Bradley Luxenberg, the appellant, by attorney Robert Rosenfeld, of Robert H. Rosenfeld & Associates, LLC in Northbrook; and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds ***No Change*** in the assessment of the property as established by the **Cook** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND:	$14,138
IMPR.:	$45,863
TOTAL:	$60,001

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2024 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a 2-story multi-family building of frame exterior construction with 2,634 square feet of gross building area. The building is approximately 122 years old. Features include a full basement, two full bathrooms, and a 1.5-car garage. The property has a 3,250 square foot site and is located in Chicago, Jefferson Township, Cook County. The subject is classified as a class 2-11 property under the Cook County Real Property Assessment Classification Ordinance.

The appellant contends assessment inequity regarding the improvement as the basis of the appeal. In support of this argument, the appellant submitted information on four equity comparables located within the subject's assessment neighborhood. The comparables are improved with class 2-11 buildings of frame exterior construction ranging in size from 2,635 to 2,970 square feet of gross building area. The buildings are from 121 to 136 years old. Each

comparable has a full basement, three of which are finished with an apartment, and three full bathrooms. The comparables have improvement assessments ranging from $33,406 to $38,406 or from $11.83 to $12.93 per square foot of gross building area. Based on this evidence, the appellant requested a reduction in the subject's improvement assessment.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of $60,001. The subject property has an improvement assessment of $45,863 or $17.41 per square foot of gross building area.

In support of its contention of the correct assessment, the board of review submitted information on four equity comparables located within the subject's assessment neighborhood. The comparables are improved with 2-story, class 2-11 buildings of frame exterior construction ranging in size from 2,565 to 2,638 square feet of gross building area. The buildings are from 117 to 132 years old. Two comparables each have a full basement and two comparables each have a slab foundation. Each comparable has two or three full bathrooms, one of which has a half bathroom, and a 2-car or a 3-car garage. The comparables have improvement assessments ranging from $46,962 to $50,624 or from $17.80 to $19.74 per square foot of gross building area. Based on this evidence the board of review requested confirmation of the subject's assessment.

Conclusion of Law

The taxpayer contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Adm.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Adm.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The record contains eight suggested equity comparables for the Board's consideration. The Board finds each of the parties' comparables to be similar to the subject in neighborhood code, classification, age, and size. Nevertheless, the Boards gives less weight to the appellant's comparables, as well as the board of review comparables #1 and #3, due to differences when compared to the subject in bathroom count, foundation type, and/or finished basement area. The Board finds the best evidence of assessment equity to be board of review comparables #2 and #4 which have improvement assessments of $46,962 and $50,624 or $17.80 and $19.74 per square foot of gross building area. The subject's improvement assessment of $45,863 or $17.41 per square foot of gross building area falls below the two best comparables in this record. After considering adjustments to the two best comparables for differences when compared to the subject, the Board finds the appellant did not demonstrate with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
