FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD

APPELLANT: Luis Vega
DOCKET NO.: 24-44467.001-R-1
PARCEL NO.: 13-35-422-003-0000

The parties of record before the Property Tax Appeal Board are Luis Vega, the appellant, by attorney Robert Rosenfeld, of Robert H. Rosenfeld & Associates, LLC in Northbrook; and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds ***No Change*** in the assessment of the property as established by the **Cook** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND:	$17,682
IMPR.:	$44,318
TOTAL:	$62,000

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2024 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a 2-story, multi-family building of masonry exterior construction with 3,864 square feet of gross building area. The building is approximately 115 years. Features of the building include a full basement finished with an apartment, six fireplaces, and a 1-car garage. The property has a 4,779 square foot site and is located in Chicago, Jefferson Township, Cook County. The subject is classified as a class 2-11 property under the Cook County Real Property Assessment Classification Ordinance.

The appellant contends assessment inequity regarding the improvement as the basis of the appeal. In support of this argument, the appellant submitted information on four equity comparables located within the subject's assessment neighborhood and from 0.2 of a mile to 1.5 miles from the subject property. The comparables are improved with class 2-11 buildings of frame or masonry or frame and masonry exterior construction ranging in size from 3,440 to

4,024 square feet of gross building area. The buildings are from 108 to 136 years old. Each comparable has a full basement, two of which are finished with an apartment, and a 2-car garage. One comparable has central air conditioning. The comparables have improvement assessments ranging from $33,628 to $37,125 or from $8.76 to $10.79 per square foot of gross building area. Based on this evidence, the appellant requested a reduction in the subject's improvement assessment.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of $62,000. The subject property has an improvement assessment of $44,318 or $11.47 per square foot of gross building area. In support of its contention of the correct assessment, the board of review submitted information on four equity comparables located within the subject's assessment neighborhood and either ¼ of a mile from the subject or within the subject's subarea. The comparables are improved with 2-story, class 2-11 buildings of masonry exterior construction ranging in size from 3,768 to 4,118 square feet of gross building area. The buildings are from 105 to 118 years old. Each comparable has a full or partial basement, two of which have finished basement area. Two comparables each have central air conditioning. One comparable has one fireplace. Three comparables each have from a 2-car to a 3-car garage. The comparables have improvement assessments ranging from $44,628 to $54,399 or from $11.84 to $14.32 per square foot of gross building area. Based on this evidence the board of review requested confirmation of the subject's assessment.

Conclusion of Law

The appellant contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Adm.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Adm.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The record contains eight suggested equity comparables for the Board's consideration. The Board gives less weight to the appellant's comparables #3 and #4, as well as board of review comparables #2, #3, and #4, due to differences when compared to the subject in finished basement area, central air conditioning, or garage amenity. The Board finds the best evidence of assessment equity to be the appellant's comparables #1 and #2, as well as board of review comparable #1, which are overall most similar to the subject in classification, age, size, finished basement area, and features. These comparables have improvement assessments ranging from $33,628 to $50,008 or from $8.76 to $12.14 per square foot of gross building area. The subject's improvement assessment of $44,318 or $11.47 per square foot of gross building area falls within the range established by the best comparables in this record. After considering adjustments to the best comparables for differences when compared to the subject, the Board finds the appellant did not demonstrate with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
