FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD

APPELLANT: Eric Kicherer
DOCKET NO.: 24-44606.001-R-1
PARCEL NO.: 14-08-104-011-0000

The parties of record before the Property Tax Appeal Board are Eric Kicherer, the appellant, by attorney George N. Reveliotis, of Reveliotis Law, P.C. in Park Ridge; and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds ***No Change*** in the assessment of the property as established by the **Cook** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND:	$52,626
IMPR.:	$62,591
TOTAL:	$115,217

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2024 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of an approximately 119-year-old, single-family dwelling of frame construction with 2,111 square feet of living area.[1] Features of the home include a full basement and a garage. The property has a 5,289 square foot site and is in Chicago, Lake View, Cook County. The subject is classified as a Class 2-05 property under the Cook County Real Property Assessment Classification Ordinance.

The appellant asserts assessment inequity as the basis of the appeal. In support of this argument, the appellant submitted information on nine equity comparables with varying degrees of similarity to the subject property. The suggested comparable properties ranged in size from 1,574 to 2,192 square feet of living area and ranged in age from 113 to 131 years old. The appellant

[1] The appellant and board of review provided inconsistent descriptions of certain property features, specifically number of bathrooms. For purposes of this decision, the Board makes its evaluation of the evidence using those characteristics that are consistent between the parties.

reported that the suggested comparables each had the same neighborhood code as the subject property and were located within a range of .01 to .24 miles from the subject property. All the appellant's comparables had a full basement. Eight comparables had a garage, and one did not. The comparables have improvement assessments ranging from $12.71 to $28.18 per square foot of living area. Based on this evidence, the appellant requested a reduction in the subject's total assessment to $105,528.

The appellant also submitted a copy of the Cook County Board of Review's final decision disclosing the total assessment for the subject of $115,217.

The board of review submitted its "Board of Review Notes on Appeal" stating the total assessment for the subject as $115,218. The subject property has an improvement assessment of $62,592 or $29.65 per square foot of living area. In support of its contention of the correct assessment, the board of review submitted information on three equity comparables with varying degrees of similarity to the subject property. The suggested comparable properties ranged in size from 1,926 to 2,081 square feet of living area and are 122 years old. The board of review reported that the suggested comparables each had the same neighborhood code as the subject property, two were within the same block and one was within a quarter of a mile of the subject property. All the comparables had a full basement. All comparables had a garage. The comparables had improvement assessments ranging from $30.24 to $34.94 per square foot of living area. Based on this evidence, the board of review requested that the assessment be confirmed.

Conclusion of Law

The taxpayer contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The Board finds that the best evidence of assessment equity is the board of review's comparable #1 and appellant's comparables #4, # 5, and #9. Like the subject property, these comparables have a full basement and a garage. The dwellings on these comparables are like the subject dwelling in age and living area size. These comparables are in the same neighborhood as the subject and are within a quarter of a mile of the subject property. In comparison, the board of review's #2 and #3 and appellant's #1, #2, #3 , and #6 had a different exterior construction and appellant's #8 had no garage and appellant's #7 was less similar to the subject in living area than the best evidence and were given less weight.

The best comparables have improvement assessments that range from $12.71 to $30.24 per square foot of living area. The subject's improvement assessment of $29.65 per square foot of living area is within the range established by the best comparables in this record. After considering these comparables for differences when compared to the subject, the Board finds the

subject’s improvement assessment is supported. Based on this record, the Board therefore finds that the appellant did not demonstrate with clear and convincing evidence that the subject was inequitably assessed, and a reduction in the subject's assessment on this basis is not warranted.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
