FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD

APPELLANT: Neil Maartens
DOCKET NO.: 24-44611.001-R-1
PARCEL NO.: 14-30-207-019-0000

The parties of record before the Property Tax Appeal Board are Neil Maartens, the appellant, by attorney George N. Reveliotis, of Reveliotis Law, P.C. in Park Ridge; and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds ***a reduction*** in the assessment of the property as established by the **Cook** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND:	$46,500
IMPR.:	$43,763
TOTAL:	$90,263

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2024 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a two-story dwelling of frame exterior construction with 1,945 square feet of living area. The dwelling is approximately 126 years old. Features include a full unfinished basement and central air conditioning.[1] The property has a 3,000 square foot site and is located in Chicago, Lake View Township, Cook County. The subject is classified as a class 2-05 property under the Cook County Real Property Assessment Classification Ordinance.

The appellant contends assessment inequity concerning the improvement as the basis of the appeal. In support of this argument, the appellant submitted information on six equity comparables that are located within the subject's assessment neighborhood and within approximately 0.25 of a mile from the subject. The comparables consist of class 2-05, two-story

[1] The parties' grid analyses differ as to whether the subject has a garage amenity. The appellant provided a copy of the property characteristics printout which indicates the subject lacks a garage.

or “Three-Story or Higher” dwellings of frame or masonry exterior construction ranging in size from 1,830 to 2,100 square feet of living area. The dwellings are 114 to 134 years old. Five comparables have a partial or full basement with two having finished area, and comparable #4 has a crawl space foundation. Five comparables each have central air conditioning, each comparable has 1 or 2 fireplaces, and four comparables each have a two-car garage. The comparables have improvement assessments ranging from $38,563 to $46,500 or from $18.36 to $24.51 per square foot of living area. Based on this evidence, the appellant requested a reduced improvement assessment of $41,253 or $21.21 per square foot of living area.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of $97,965. The subject property has an improvement assessment of $51,465 or $26.46 per square foot of living area.

In support of its contention of the correct assessment, the board of review submitted information on four equity comparables that are located within the subject’s assessment neighborhood and within the subject’s block and/or approximately 0.25 of a mile from the subject. The comparables consist of class 2-05, two-story dwellings of frame exterior construction ranging in size from 1,540 to 1,672 square feet of living area. The dwellings are 117 to 131 years old. The comparables have full basements, with one having finished area. Three comparables each have central air conditioning, and each comparable has a two-car garage. The comparables have improvement assessments ranging from $41,500 to $55,563 or from $26.95 to $33.25 per square foot of living area. Based on this evidence, the board of review requested confirmation of the subject’s assessment.

Conclusion of Law

The taxpayer contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant met this burden of proof and a reduction in the subject's assessment is warranted.

The parties submitted ten suggested equity comparables for the Board’s consideration. The Board gives less weight to the appellant’s comparables #4 and #6 along with the board of review’s comparables which are less similar to the subject in design, dwelling size or foundation type than the other comparables in the record.

The Board finds the best evidence of assessment equity to be the appellant’s comparables #1 #2, #3 and #5 which overall are most similar to the subject in location, design, age, dwelling size and foundation type. However, adjustments are needed for varying degrees of similarity in other features in order to make them more equivalent to the subject, including but not limited to presence of basement finish and a garage amenity or the lack of central air conditioning when compared to the subject. These four comparables have improvement assessments ranging from $38,827 to $46,500 or from $19.17 to $24.51 per square foot of living area. The subject's

improvement assessment of $51,465 or $26.46 per square foot of living area falls above the range established by the best comparables in the record. After considering adjustments to the best comparables for differences from the subject, the Board finds the appellant demonstrated with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's assessment is justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
