**FINAL ADMINISTRATIVE DECISION**
**ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Central City Management LLC
DOCKET NO.: 24-45093.001-R-1
PARCEL NO.: 14-20-124-038-0000

The parties of record before the Property Tax Appeal Board are Central City Management LLC, the appellant(s), by attorney Harold J. Hicks, of Holland Hicks Law, LLC in Chicago; and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds ***A Reduction*** in the assessment of the property as established by the **Cook** County Board of Review is warranted. The correct assessed valuation of the property is:

| | |
|---|---|
| **LAND:** | $58,125 |
| **IMPR.:** | $89,602 |
| **TOTAL:** | $147,727 |

Subject only to the State multiplier as applicable.

## Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2024 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

## Findings of Fact

The subject property consists of a three-story multi-unit dwelling of frame construction with 8,599 square feet of living area. The dwelling was 121 years old. Features of the home include a full basement. The property has a 3,125 square foot site and is located in Chicago, Lakeview Township, Cook County. The subject is classified as a class 2-11 property under the Cook County Real Property Assessment Classification Ordinance.

The appellant contends assessment inequity as the basis of the appeal. In support of this argument the appellant submitted information on six class 2-11 equity comparable properties with varying degrees of similarity to the subject which are located within a 1.0-mile radius of the subject. The improvements were from 111 to 136 years old, had from 7,510 to 13,773 square feet of living area, and had improvement assessments of $5.16 to $11.21 per square foot of living

area. This is a corporate owned property. Based on this evidence the appellant is seeking a reduction in the subject's assessment.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of $165,000. The subject property has an improvement assessment of $106,875 or $12.43 per square foot of living area. In support of its contention of the correct assessment the board of review submitted information on one class 2-11 and three class 2-12 equity comparable properties with varying degrees of similarity to the subject which are located within the same subarea as the subject. The improvements were from 110 to 123 years old, had from 6,708 to 8,631 square feet of living area, and had improvement assessments from $12.81 to $13.75 per square foot of living area. Based on this evidence the board of review requested confirmation of the subject's assessment.

The appellant submitted rebuttal to the evidence of the board of review. The appellant asserted that three of the board of review's suggested comparables were of a different property class than the subject and varied from the subject in construction, thereby making those properties unacceptable as equity comparables.

## Conclusion of Law

The taxpayer contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant met this burden of proof and a reduction in the subject's assessment is warranted.

The parties submitted ten equity comparable properties for the Board's consideration in determining assessment equity. The Board finds the best evidence of assessment equity to be appellant's comparables #3, #4, and #5. These comparables were similar to the subject in design, proximity, age, size, and no central air conditioning. These comparables had improvement assessments that ranged from $9.41 to $11.09 per square foot of living area. The subject's improvement assessment of $12.43 per square foot of living area falls above the range established by the best comparables in this record. Based on this record the Board finds the appellant did demonstrate with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's assessment is justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
