

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Dariusz Panaszek
DOCKET NO.: 24-46033.001-R-1
PARCEL NO.: 12-01-313-039-0000

The parties of record before the Property Tax Appeal Board are Dariusz Panaszek, the appellant, by attorney Michael R. O'Malley, of 111 West Washington St. in Chicago; and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Cook** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$16,500
IMPR.: \$63,940
TOTAL: \$80,440

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2024 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a 2-story dwelling of masonry exterior construction with 2,968 square feet of living area. The dwelling is approximately 17 years old. Features include a full basement with finished area, central air conditioning, one fireplace, and a 2.5-car garage. The property has a 6,600 square foot site and is located in Chicago, Jefferson Township, Cook County. The subject is classified as a class 2-78 property under the Cook County Real Property Assessment Classification Ordinance.

The appellant contends assessment inequity with respect to the improvement as the basis of the appeal. In support of this argument, the appellant submitted information on five equity comparables located within the subject's assessment neighborhood. However, the appellant did not disclose the proximity of these comparables to the subject property. The comparables are improved with 2-story, class 2-78 dwellings of masonry or frame and masonry exterior construction ranging in size from 2,678 to 3,229 square feet of living area. The homes range in

age from 41 to 61 years old. Each comparable has a full basement, for which basement finish, if any, was not disclosed, and central air conditioning. Two comparables each have one fireplace. Four comparables each have a 2-car garage. The comparables have improvement assessments ranging from \$43,300 to \$51,600 or from \$15.83 to \$17.60 per square foot of living area. Based on this evidence, the appellant requested that the improvement assessment be reduced.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$80,440. The subject property has an improvement assessment of \$63,940 or \$21.54 per square foot of living area.

In support of its contention of the correct assessment, the board of review submitted information on three equity comparables located within the subject's assessment neighborhood. The comparables are improved with 2-story, class 2-78 dwellings of frame or masonry exterior construction ranging in size from 2,383 to 2,532 square feet of living area. The homes range in age from 2 to 16 years old. Each comparable has a full basement with finished area, central air conditioning, and a 2-car or a 3-car garage. Two comparables each have one or two fireplaces. The comparables have improvement assessments ranging from \$56,817 to \$73,450 or from \$23.42 to \$29.01 per square foot of living area.

Conclusion of Law

The appellant contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The parties submitted eight suggested equity comparables for the Board's consideration which have the same neighborhood code, design and classification code, as the subject. The parties' comparables have varying degrees of similarity to the subject in age, dwelling size, basement finish, if applicable, and other features. Nevertheless, the Board gives less weight to the appellant's comparable #3 and the board of review comparables which lack a garage amenity, which the subject features, or are substantially smaller homes than the subject. The remaining four appellant comparables have improvement assessments ranging from \$43,300 to \$51,600 or from \$15.83 to \$17.60 per square foot of living area. The subject's improvement assessment of \$63,940 or \$21.54 per square foot of living area falls above the range established by the best comparables in this record. However, the subject's higher improvement assessment appears logical considering its newer age, larger garage capacity, fireplace amenity, and possibly basement finish when compared to the best comparables. After considering adjustments to the best comparables for differences from the subject, the Board finds the appellant did not demonstrate that the subject's improvement was inequitably assessed and a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
