

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Brandon Davidson
DOCKET NO.: 24-46045.001-R-1
PARCEL NO.: 10-31-413-016-0000

The parties of record before the Property Tax Appeal Board are Brandon Davidson, the appellant, by attorney Brian S. Maher, of Weis, DuBrock, Doody & Maher in Chicago; and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Cook** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$11,327
IMPR.: \$21,949
TOTAL: \$33,276

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2024 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a 1-story dwelling of masonry exterior construction with 934 square feet of living area. The dwelling is approximately 73 years old. Features of the home include a basement with finished area, 2 full bathrooms, central air conditioning and a 2-car garage. The property has an approximately 3,654 square foot site and is located in Chicago, Jefferson Township, Cook County. The subject is classified as a class 2-02 property under the Cook County Real Property Assessment Classification Ordinance.

The appellant contends assessment inequity with respect to the improvement as the basis of the appeal. In support of this argument the appellant submitted information on four equity

comparables located in the same assessment neighborhood code as the subject property.¹ The comparables are improved with 1-story class 2-02 dwellings of frame or masonry exterior construction ranging in size from 886 to 963 square feet of living area. The homes range from 71 to 74 years old. Each comparable has 1 full bathroom. Three dwellings have a basement, with unknown finished area, and one comparable has a concrete slab foundation. Two dwellings have central air conditioning and three homes have a 1-car or a 1.5-car garage. The comparables have improvement assessments ranging from \$14,470 to \$16,640 or from \$15.03 to \$17.48 per square foot of living area. Based on this evidence, the appellant requested the subject's improvement assessment be reduced to \$15,392 or \$16.48 per square foot of living area.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$33,276. The subject property has an improvement assessment of \$21,949 or \$23.50 per square foot of living area. In support of its contention of the correct assessment the board of review submitted information on four equity comparables located in the same assessment neighborhood code as the subject property.² The comparables are improved with 1-story class 2-02 dwellings of masonry exterior construction ranging in size from 887 to 984 square feet of living area. The homes are 74 or 80 years old. Each comparable has a basement, with two having finished area. Each dwelling has 1 or 2 full bathrooms and a 2-car garage. One home has central air conditioning. The comparables have improvement assessments ranging from \$21,375 to \$25,673 or from \$24.10 to \$27.28 per square foot of living area. Based on this evidence, the board of review requested the subject's assessment be confirmed.

Conclusion of Law

The appellant contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The parties submitted eight equity comparables for the Board's consideration. The Board gives reduced weight to the appellant's comparables and board of review comparables #3 and #4 which are less similar to the subject in location (based on PIN), foundation type, bathroom count and/or garage amenity.

The Board finds the best evidence of assessment equity to be board of review comparables #1 and #2 which are more similar to the subject in location, age, design, dwelling size and features. These comparables have improvement assessments of \$25,600 and \$25,673 or \$26.02 and

¹ The 14-digit Property Index Numbers (PINs) of appellant comparables #2, #3 and #4 begin with 13-06; indicating the comparables are located in a different township and section than the subject which has a PIN beginning with 10-31.

² The Property Index Numbers (PINs) of the board of review comparables begin with 10-31; indicating the comparables are located in the same township and section as the subject property.

\$27.28 per square foot of living area. The subject's improvement assessment of \$21,949 or \$23.50 per square foot of living area falls below the two best comparables in this record. After considering adjustments to the best comparables for differences from the subject, the Board finds the appellant did not demonstrate with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
