

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Tadeusz Kawula
DOCKET NO.: 24-46932.001-R-1 through 24-46932.002-R-1
PARCEL NO.: See Below

The parties of record before the Property Tax Appeal Board are Tadeusz Kawula, the appellant(s), by attorney Ellen G. Berkshire, of Verros Berkshire, PC in Oakbrook Terrace; and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Cook** County Board of Review is warranted. The correct assessed valuation of the property is:

DOCKET NO	PARCEL NUMBER	LAND	IMPRVMT	TOTAL
24-46932.001-R-1	13-16-229-041-0000	11,638	0	\$11,638
24-46932.002-R-1	13-16-229-042-0000	11,638	49,363	\$61,001

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2024 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a two-story dwelling of masonry construction with 2,052 square feet of living area. The dwelling was 25 years old. Features of the home include a full basement and central air conditioning. The property has a 6,650 square foot site and is located in Chicago, Jefferson Township, Cook County. The subject is classified as a class 2-78 property under the Cook County Real Property Assessment Classification Ordinance.

The appellant contends assessment inequity as the basis of the appeal. The appellant's residential appeal form addendum lists two property index numbers (PINs). One of these PINs represents only a land assessment and the appellant is not appealing that land assessment. The subject of the appeal is the assessment on the improvement for the remaining PIN. In support of this argument the appellant submitted information on four class 2-78 equity comparable properties with varying degrees of similarity to the subject which are located within a 1.73-mile

radius of the subject. The improvements were from 8 to 31 years old, had from 2,016 to 2,048 square feet of living area, and had improvement assessments from \$16.31 to \$21.94 per square foot of living area. The appellant disclosed that this is an owner-occupied residence. Based on this evidence the appellant is seeking a reduction in the subject's assessment.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$61,002. The record includes the Cook County board of review 2024 assessed valuations decision which indicates a total assessment for the subject property of \$61,001. The subject property has an improvement assessment of \$49,363 or \$24.06 per square foot of living area. In support of its contention of the correct assessment the board of review submitted information on four class 2-78 equity comparable properties with varying degrees of similarity to the subject which are located within the same subarea as the subject. The improvements were from 9 to 20 years old, had from 2,400 to 2,806 square feet of living area, and had improvement assessments from \$24.84 to \$27.31 per square foot of living area. Based on this evidence the board of review requested confirmation of the subject's assessment.

Conclusion of Law

The taxpayer contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The parties submitted eight equity comparable properties for the Board's consideration in determining assessment equity. Three of the comparables suggested by the appellant are from 1.4 to 1.7 miles from the subject. The remaining appellant comparable is similar to the subject in design, age, size, number of bathrooms, full basement, and central air conditioning. The four suggested comparables by the board of review are larger than the subject in number of bathrooms, size, and garage space. With only appellant comparable #3 remaining as a property similar to the subject, the Board is unable to establish a range of comparable properties by which to determine the equity of the subject's assessment. Based on this record, the Board finds that the appellant failed to demonstrate with clear and convincing evidence that the subject's improvement was inequitably assessed and, therefore, a reduction in the subject's assessment commensurate with the appellant's request is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
