

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: FANA750 LLC
DOCKET NO.: 24-47729.001-R-1
PARCEL NO.: 14-33-100-018-0000

The parties of record before the Property Tax Appeal Board are FANA750 LLC, the appellant, by attorney Michael R. O'Malley, of Schmidt Salzman & Moran, Ltd. in Chicago; and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **A Reduction** in the assessment of the property as established by the **Cook** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$48,437
IMPR.: \$105,000
TOTAL: \$153,437

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2024 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a 3-story multi-family building of masonry exterior construction with 4,713 square feet of gross building area. The building is approximately 137 years old. Features include a full basement and eight full bathrooms. The property has a 3,125 square foot site and is located in Chicago, North Chicago Township, Cook County. The subject is classified as a class 2-11 property under the Cook County Real Property Assessment Classification Ordinance.

The appellant contends assessment inequity with respect to the improvement as the basis of the appeal. In support of this argument, the appellant submitted information on five equity comparables located within the subject's assessment neighborhood. The comparables are improved with 3-story, class 2-11 multi-family buildings of masonry exterior construction ranging in size from 4,260 to 5,166 square feet of gross building area. The buildings are from

120 to 150 years old. Each comparable has a full basement and three full bathrooms. Comparables #3 and #5 have one and three half bathrooms, respectively. The comparables have improvement assessments ranging from \$73,125 to \$109,808 or from \$16.01 to \$21.47 per square foot of gross building area. Based on this evidence, the appellant requested that the subject's improvement assessment be reduced.

The board of review submitted its "Board of Review Notes on Appeal." The appellant submitted a copy of the Cook County Board of Review final decision for the 2024 tax year disclosing the total assessment for the subject property of \$165,886. The subject property has an improvement assessment of \$117,449 or \$24.92 per square foot of living area. In support of its contention of the correct assessment, the board of review submitted information on four equity comparables located within the subject's assessment neighborhood. The comparables are improved with 3-story, class 2-11 multi-family buildings of masonry exterior construction ranging in size from 3,994 to 4,880 square feet of gross building area. The buildings are from 136 to 146 years old. Each comparable has a full basement, from three to six full bathrooms and central air conditioning. Comparables #2 and #3 each have one half bathroom and two fireplaces. Three comparables each have a 2-car garage. The comparables have improvement assessments ranging from \$110,690 to \$136,738 or from \$27.05 to \$30.92 per square foot of gross building area. Based on the evidence, the board of review requested confirmation of the subject's assessment.

Conclusion of Law

The appellant contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant met this burden of proof and a reduction in the subject's assessment is warranted.

The parties submitted nine suggested equity comparables for the Board's consideration. The Board gives less weight to the board of review comparables due to differences when compared to the subject in dwelling size, central air conditioning, and/or garage amenity.

The Board finds the best evidence of assessment equity to be the appellant's comparables which are overall more similar to the subject in neighborhood code, design/class, age, dwelling size, and features. The best comparables have improvement assessments ranging from ranging from \$73,125 to \$109,808 or from \$16.01 to \$21.47 per square foot of gross building area. The subject's improvement assessment of \$117,449 or \$24.92 per square foot of gross building area falls above the range established by the best comparables in this record and appears to be excessive. After considering adjustments to the best comparables for differences when compared to the subject, the Board finds the appellant demonstrated with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's assessment is justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
