

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Shah Hemant TR
DOCKET NO.: 24-48068.001-R-1
PARCEL NO.: 07-23-207-003-0000

The parties of record before the Property Tax Appeal Board are Shah Hemant TR, the appellant, by Brian P. Liston, attorney-at-law of the Law Offices of Liston & Tsantilis, P.C. in Chicago, and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Cook** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$14,398
IMPR.: \$48,687
TOTAL: \$63,085

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2024 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property is improved with a two-story dwelling of frame exterior construction containing 3,546 square feet of living area. The dwelling is approximately 34 years old. Features of the property include a full basement, central air conditioning, one fireplace, 3½ bathrooms, and a two-car garage. The property has a 10,284 square foot site located in Schaumburg, Schaumburg Township, Cook County. The subject is a class 2-78 property under the Cook County Real Property Assessment Classification Ordinance.

The appellant contends inequity regarding the improvement assessment as the basis of the appeal. In support of this argument the appellant submitted information on three equity comparables consisting of class 2-78 properties improved with two-story dwellings of frame or frame and masonry construction that contain from 3,310 to 3,546 square feet of living area. The homes range from 31 to 35 years old. Each comparable has a full basement, central air

conditioning, one fireplace, two or three full bathrooms, one or two half bathrooms, and a 2-car or 3-car garage. The comparables are located either .2 of a mile or 1.1 miles from the subject property. Two comparable have the same assessment neighborhood code as the subject property. These properties have improvement assessments ranging from \$38,236 to \$47,907 or from \$11.40 to \$13.52 per square foot of living area. The appellant requested the subject's improvement assessment be reduced to \$45,424.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$63,085. The subject property has an improvement assessment of \$48,687 or \$13.73 per square foot of living area. In support of its contention of the correct assessment the board of review submitted information on four equity comparables composed of class 2-78 properties improved with two-story dwellings of frame construction that have either 3,426 or 3,546 square feet of living area. The homes are 31 to 34 years old. Each comparable has a partial or full basement, central air conditioning, one fireplace, two or three full bathrooms, one or two half bathrooms, and a 2-car or 3-car garage. These properties have the same assessment neighborhood code as the subject and are located in same block or ¼ mile of the subject property. These properties have improvement assessments that range from \$47,946 to \$50,815 or from \$13.99 to \$14.33 per square foot of living area.

Conclusion of Law

The appellant contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The parties submitted information on seven equity comparables to support their respective positions. The Board gives less weight to appellant's comparable #1 as this property is the least proximate to the subject in location having a different assessment neighborhood code than the subject and being located 1.1 miles from the subject property. The Board finds the best evidence of assessment equity to be appellant's comparables #2 and #3 and the board of review comparables that range in size from 3,310 to 3,546 square feet of living area and in age from 31 to 34 years old. The comparables have the same assessment neighborhood code as the subject and are located within approximately ¼ of a mile from the subject property. The comparables have similar features as the subject property. These comparables have improvement assessments that range from \$44,735 to \$50,815 or from \$13.51 to \$14.33 per square foot of living area. The subject's improvement assessment of \$48,687 or \$13.73 per square foot of living area falls within the range established by the best comparables in this record.

The constitutional provision for uniformity of taxation and valuation does not require mathematical equality. A practical uniformity, rather than an absolute one, is the test. *Apex Motor Fuel Co. v. Barrett*, 20 Ill. 2d 395 (1960). Although the comparables presented by the parties disclosed that properties located in the same area are not all assessed at identical levels,

all that the constitution requires is a practical uniformity which exists based on the evidence in this record.

Based on this record the Board finds the appellant did not demonstrate with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
