

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Joseph Peabody
DOCKET NO.: 24-48441.001-R-1
PARCEL NO.: 03-32-123-008-0000

The parties of record before the Property Tax Appeal Board are Joseph Peabody, the appellant(s), by attorney Stephanie Park, of Park & Longstreet, P.C. in Inverness; and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **A decrease** in the assessment of the property as established by the **Cook** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$19,800
IMPR.: \$37,651
TOTAL: \$57,451

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2024 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The parties have timely filed and presented their pleadings appropriately. The subject property consists of a two-story dwelling of frame and masonry construction with 2,293 square feet of living area. The dwelling is approximately ninety-one years old. Features of the home include a full basement, a fireplace and a two-car garage. The property is located in Wheeling, Arlington Heights Township, Cook County. The subject is classified as a class 2 property under the Cook County Real Property Assessment Classification Ordinance.

The appellant contends assessment inequity as the basis of the appeal. In support of this argument the appellant submitted information on seven equity comparables. Each of the appellant comparables are two-story of frame and masonry construction. They are single family homes with similar features. The board comparables range in size from 2,205 to 2,438 square feet of living area; and improvement assessments ranging from \$36,673 to \$59,001 or \$16.42 to

\$17.27 per square foot of living area. The appellant comparables range from .03 to .25 distance to the subject property. The appellant's are seeking a reduction in total assessment to \$57,451.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$62,000. The subject property has an improvement assessment of \$42,200 or \$18.40 per square foot of living area. In support of its contention of the correct assessment the board of review submitted information on four equity comparables. Each of the board of review comparables are two-story of frame and masonry construction. The homes share similar features, as to size, they range from 2,438 to 2,827 square feet of living area; and in improvement assessment from \$50,467 to \$66,110, or \$22.15 to \$26.32 per square foot of living area. The board of review comparable properties range in distance from a quarter mile to the same subarea in distance to the subject property. The board of review is asking for no change in assessment.

Conclusion of Law

The taxpayer contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant *met* this burden of proof and a reduction in the subject's assessment *is* warranted.

The Board finds the best evidence of assessment equity to be *appellants' comparables one, two and seven*. These comparables had improvement assessments that ranged from \$16.42 to \$17.27 per square foot of living area. The subject's improvement assessment of \$18.40 per square foot of living area falls within the range established by the best comparables in this record. Based on this record the Board finds the appellant *did* demonstrate with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's assessment *is* justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
