

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Thomas W. Bradshaw
DOCKET NO.: 24-49237.001-R-1
PARCEL NO.: 12-24-401-013-0000

The parties of record before the Property Tax Appeal Board are Thomas W. Bradshaw, the appellant, by Jessica Hill-Magiera, Attorney at Law in Lake Zurich; and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Cook** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$9,375
IMPR.: \$24,641
TOTAL: \$34,016

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2024 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a 2-story dwelling of frame exterior construction with 1,656 square feet of living area.¹ The dwelling is approximately 99 years old. Features of the home include a full basement with finished area, central air conditioning, and a 2-car garage. The property has a 3,750 square foot site and is located in Chicago, Jefferson Township, Cook County. The subject is classified as a class 2-05 property under the Cook County Real Property Assessment Classification Ordinance.

The appellant contends assessment inequity regarding the improvement as the basis of the appeal. In support of this argument the appellant submitted information on four equity comparables located within the subject's assessment neighborhood. The comparables are

improved with 1-story, class 2-02 homes of vinyl siding exterior construction ranging in size from 910 to 999 square feet of living area. The dwellings were built from 1924 to 1941, thus, ranging in age from 83 to 100 years old. Each home is reported to have a full basement with finished area and a garage with 484 square feet of building area. The comparables have improvement assessments ranging from \$13,475 to \$15,625 or from \$13.49 to \$16.80 per square foot of living area. Based on this evidence the appellant requested a reduction in the subject's improvement to \$14,642.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$34,016. The subject property has an improvement assessment of \$24,641 or \$14.88 per square foot of living area.

In support of its contention of the correct assessment the board of review submitted information on four equity comparables located within the subject's assessment neighborhood. The comparables are improved with 2-story, class 2-05 homes of frame exterior construction ranging in size from 1,648 to 1,776 square feet of living area. The dwellings range in age from 80 to 103 years old. Each home has a full basement with finished area, central air conditioning, and a 2-car garage. The comparables have improvement assessments ranging from \$25,956 to \$30,700 or from \$15.75 to \$17.91 per square foot of living area. Based on this evidence, the board of review requested the subject's assessment be confirmed.

Conclusion of Law

The appellant contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The record contains eight suggested equity comparables for the Board's consideration. The Board gives less weight to the appellant's comparables, as well as board of review comparables #1 and #3, due to differences when compared to the subject in design, dwelling size, and/or age.

The Board finds the best evidence of assessment equity to be the board of review's comparables #2 and #4 which are overall most similar to the subject in location, design/class, age, dwelling size, and other features. These comparables have improvement assessments of \$25,956 and \$28,309 or from \$15.75 and \$15.94 per square foot of living area. The subject's improvement assessment of \$24,641 or \$14.88 per square foot of living area falls below the two best comparables in this record. Based on this record and after considering appropriate adjustments to the two best comparables for differences from the subject, the Board finds the appellant did not demonstrate with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
