

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Fifth Gold Investment, LLC
DOCKET NO.: 24-49239.001-R-1
PARCEL NO.: 17-28-209-040-0000

The parties of record before the Property Tax Appeal Board are Fifth Gold Investment, LLC, the appellant, by attorney Michael R. O'Malley, of Schmidt Salzman & Moran, Ltd. in Chicago; and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Cook** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$13,625
IMPR.: \$28,595
TOTAL: \$42,220

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2024 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a 2-story, multi-family building of masonry exterior construction with 1,650 square feet of gross building area. The building is approximately 137 years old. Features include a full basement and a 1-car garage. The property has a 2,500 square foot site and is located in Chicago, South Chicago Township, Cook County. The subject is classified as a class 2-11 property under the Cook County Real Property Assessment Classification Ordinance.

The appellant contends assessment inequity with respect to the improvement as the basis of the appeal. In support of this argument, the appellant submitted information on five equity comparables located within the subject's assessment neighborhood. The comparables are improved with 2-story, class 2-11 multi-family buildings of frame, masonry, or frame and masonry exterior construction ranging in size from 2,608 to 3,209 square feet of gross building

area. The buildings are either 125 or 136 years old. Each comparable has a full basement. One comparable has central air conditioning. Four comparables each have a 2-car garage. The comparables have improvement assessments ranging from \$22,969 to \$24,969 or from \$7.48 to \$9.01 per square foot of gross building area. Based on this evidence, the appellant requested that the subject's improvement assessment be reduced.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$42,220. The subject property has an improvement assessment of \$28,595 or \$17.33 per square foot of gross building area.

In support of its contention of the correct assessment, the board of review submitted information on four comparables located within the subject's assessment neighborhood. The comparables are improved with 2-story, class 2-11 multi-family buildings of frame or masonry exterior construction ranging in size from 1,448 to 1,978 square feet of gross building area. The buildings are either 136 or 137 years old. Each comparable has a full basement. One comparable has one fireplace. Two comparables each have a 1.5-car or a 2-car garage. The comparables have improvement assessments ranging from \$29,076 to \$42,375 or from \$17.86 to \$24.35 per square foot of gross building area. Based on this evidence, the board of review requested the assessment be confirmed.

Conclusion of Law

The appellant contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The parties submitted nine suggested equity comparables for the Board's consideration. The Board gives less weight to the appellant's comparables and board of review comparable #4 which differ substantially from the subject in dwelling size.

The Board finds the best evidence of assessment equity to be board of review comparables #1, #2, and #3 which are overall more similar to the subject in location, design/class, age, gross building size, and many features. These comparables have improvement assessments ranging from ranging from \$29,076 to \$42,375 or from \$17.86 to \$24.35 per square foot of gross building area. The subject's improvement assessment of \$28,595 or \$17.33 per square foot of gross building area falls below the range established by the best comparables in this record. After considering the necessary adjustments to the best comparables for differences when compared to the subject, the Board finds the appellant did not demonstrate that the subject's improvement was inequitably assessed and a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
