

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Synobia Dawkins
DOCKET NO.: 24-49269.001-R-1
PARCEL NO.: 29-08-303-016-0000

The parties of record before the Property Tax Appeal Board are Synobia Dawkins, the appellant(s); and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **A Reduction** in the assessment of the property as established by the **Cook** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$1,183
IMPR.: \$3,731
TOTAL: \$4,914

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2024 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of an approximately 61-year-old one-story dwelling of masonry construction with 1,020 square feet of living area. Features of the home include a slab foundation, central air conditioning, and a two-car garage. The property has a 4,300 square foot site and is located in Harvey, Thornton Township, Cook County. The subject is classified as a class 2-03 property under the Cook County Real Property Assessment Classification Ordinance.

The appellant contends assessment inequity and market value/comparable sales as the basis of the appeal. In support of this argument the appellant submitted information on three equity comparables. The appellant did not state the distance of the comparables to the subject but indicated the comparables are located in the same neighborhood. The comparables are 42- to 61-year-old one-story class 2-03 residences with masonry or stone construction. The comparables have between 1,040 and 1,512 square feet of living area. The appellant did not provide assessment information or sale information for those comparables that could be evaluated. The

appellant also attached pictures to establish that the property is uninhabitable. Per the appellant's description, there appears to be some sort of flooding issue with the property, but the appellant did not provide sufficient evidence to establish uninhabitability. The appellant is requesting a total assessment of \$866.

The county board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$11,801. The subject property has an improvement assessment of \$10,618 or \$10.41 per square foot of living area. In support of its contention of the correct assessment the board of review submitted information on four equity comparables. The board of review did not specify the proximity of these properties to the subject but indicated they are located in the same neighborhood. The comparables are 68- to 70-year-old one-story residences with frame or masonry construction. The comparables have between 1,008 and 1,021 square feet of living area and have improvement assessments between \$3.14 and \$4.07 per square foot. The board of review also provided sale information that the properties were sold between August 2022 and October 2024 for sale prices between \$150,000 and \$220,000 and had sale prices per square foot between \$145.41 and \$214.63. The board of review is requesting that the current assessment be confirmed.

Conclusion of Law

The taxpayer asserts assessment inequity as the basis of the appeal. The Illinois Constitution requires that real estate taxes, "be levied uniformly by valuation ascertained as the General Assembly shall provide by law." Ill. Const. art. IX, §4 (1970); Walsh v. Property Tax Appeal Board, 181 Ill. 2d 228, 234 (1998). This uniformity provision of the Illinois Constitution does not require absolute equality in taxation, however, and it is sufficient if the taxing authority achieves a reasonable degree of uniformity. Peacock v. Property Tax Appeal Board, 339 Ill. App. 3d 1060, 1070 (4th Dist. 2003).

When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e); Walsh, 181 Ill. 2d at 234 (1998). Clear and convincing evidence means more than a preponderance of the evidence, but it does not need to approach the degree of proof needed for a conviction of a crime. Bazyldo v. Volant, 164 Ill. 2d 207, 213 (1995). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not fewer than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did meet this burden of proof and a reduction in the subject's assessment is warranted.

The appellant also contends the market value of the subject property is not accurately reflected in its assessed valuation. When market value is the basis of the appeal the value of the property must be proved by a preponderance of the evidence. 86 Ill.Admin.Code §1910.63(e). Proof of market value may consist of an appraisal of the subject property, a recent sale, comparable sales or construction costs. 86 Ill.Admin.Code §1910.65(c). The Board finds the appellant did meet this burden of proof and a reduction in the subject's assessment is warranted.

While none of the appellant's comparables could be fully evaluated based on insufficient information provided in the mandated PTAB grid, the board of review's comparables provided established that the appellant's property has an inequitable assessment. The Board finds the best board of review's comparables #1, #2, #3, and #4. These comparables had improvement assessments that ranged from \$3.14 to \$4.07 per square foot of living area. The subject's improvement assessment of \$10.41 per square foot of living area is above the range established by the best comparables in this record. Based on this record the Board finds the appellant did demonstrate with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's assessment is justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
